**American Guerrilla** Jan 30 2020 A main selection of the Military Book

Club and a selection of the History Book Club With his parting words, "I shall return," General Douglas MacArthur sealed the fate of the last American forces on Bataan. Yet one young Army Captain named Russell Volckmann refused to surrender. He disappeared into the jungles of north Luzon where he raised a Filipino army of more than 22,000 men. For the next three years he led a guerrilla war against the Japanese, killing more than 50,000 enemy soldiers. At the same time he established radio contact with MacArthur's headquarters in Australia and directed Allied forces to key enemy positions. When General Yamashita finally surrendered, he made his initial overtures not to MacArthur, but to Volckmann. This book establishes how Volckmann's leadership was critical to the outcome of the war in the Philippines. His ability to synthesize the realities and potential of guerrilla warfare led to a campaign that rendered Yamashita's forces incapable of repelling the Allied invasion. Had it not been for Volckmann, the Americans would have gone in "blind" during their counter-invasion, reducing their efforts to a trial-and-error campaign that would undoubtedly have cost more lives, materiel, and potentially stalled the pace of the entire Pacific War. Second, this book establishes Volckmann as the progenitor of modern counterinsurgency doctrine and the true "Father" of Army Special Forces—a title that history has erroneously awarded to Colonel Aaron Bank of the European Theater of Operations. In 1950, Volckmann wrote two army field manuals: Operations Against Guerrilla Forces and Organization and Conduct of Guerrilla Warfare, though today few realize he was their author. Together, they became the US Army's first handbooks outlining the precepts for both special warfare and counter-guerrilla operations. Taking his argument directly to the army chief of staff, Volckmann outlined the concept for Army Special Forces. At a time when US military doctrine was conventional in outlook, he marketed the ideas of guerrilla warfare as a critical force multiplier for any future conflict, ultimately securing the establishment of the Army's first special operations unit—the 10th Special Forces Group. Volckmann himself remains a shadowy figure in modern military history, his name absent from every major biography on MacArthur, and in much of the Army Special Forces literature. Yet as modest, even secretive, as Volckmann was during his career, it is difficult to imagine a man whose heroic initiative had more impact on World War II. This long overdue book not only chronicles the dramatic military exploits of Russell Volckmann, but analyzes how his leadership paved the way for modern special warfare doctrine. Mike Guardia, currently an officer in the US 1st Armored Division is also author of Shadow Commander, about the career of Donald Blackburn, and an upcoming biography of Hal Moore.

Epic Solitude Jun 16 2021 All her life, Katherine Keith has hungered for remote, wild places that fill her soul with freedom and peace. Her

travels take her across America, but it is in the vast and rugged landscape of Alaska that she finds her true home. Alaska is known as a place where people disappear—at least a couple thousand go missing each year. But the same vast and rugged landscape that contributed to so many people being lost is precisely what has gotten her found. She and her husband build a log cabin miles away from the nearest road and create a life of love. An idyllic existence, but with isolation and brutal living conditions can also come heartbreak. Chopping wood and hauling water are not just parts of a Zen proverb but a requirement for survival. Keith experiences tragic loss and must push on, with her infant daughter, alone in the Alaskan backcountry. Long-distance dog sledding opens a door to a new existence. Racing across the state of Alaska offers the best of all worlds by combining raw wilderness with solitude and athleticism. The Iditarod Trail Sled Dog Race, the “Last Great Race on Earth,” remains a true test of character and offers the opportunity to intimately explore the frontier that she has come to love. With every thousand miles of winter trail traversed in total solitude, she confronts challenges that awaken internal demons, summoning all the inner grief and rage that lies dormant. In the tradition of Cheryl Strayed’s *Wild* and John Krakauer’s *Into the Wild*, *Epic Solitude* is the powerful and touching story of how one woman found her way—both despite and because of—the difficulties of living and racing in the remote wilderness.

**SUMMARY - A Short History Of Nearly Everything By Bill Bryson** Dec 31 2019 \* Our summary is short, simple and pragmatic. It allows you to have the essential ideas of a big book in less than 30 minutes. \*By reading this summary, you will address the major scientific questions of life and the Universe. It will help you understand where you come from and what planet you live on. \*You will also discover that : The Earth is only a tiny part of the Universe. There are many dangers threatening us, both underground and in our solar system. Our ancestors, the Homo Sapiens hominids, did not reveal all their secrets. The world of the infinitely small is as important as the world of the infinitely large. \*To begin with, it is necessary to know that we owe our existence only to a hazardous assembly of atoms. Our life is made up of these extraordinary atomic mixtures. This idea brings us to this first observation: our life is hanging by a thread, just like our survival. Indeed, the longevity of the human species is as uncertain as these assemblages of atoms. \*Buy now the summary of this book for the modest price of a cup of coffee!

**Bread for the Journey** May 04 2020 When beloved author Henri Nouwen set out to record this daybook of totally new reflections, he suddenly found himself on "a true spiritual adventure." For in these 366 original, interlocking morsels of daily wisdom, Nouwen provides both sustenance and a trail for us to follow, as he unveils, to his own

surprise, his personal map of faith. From the delicate interplay of human experience to the surrender to Christ and the embrace of Christian community, that journey of Christian spirituality is explored and celebrated here in each eloquent, thought-provoking passage, "The table is one of the most intimate places in our lives. It is there that we give ourselves to one another. When we say, 'Take some more, let me serve you another plate, let me pour you another glass, don't be shy, enjoy it,' we say a lot more than our words express. We invite our friends to become part of our lives. We want them to be nurtured by the same food and drink that nurture us. We desire communion.... Every breakfast, lunch, or dinner can become a time of growing communion with one another." Intimately personal and inspiring, *Bread for the Journey* is a daily feast of fresh insight into the challenges and deep joys of a life lived in close communion with God. Nouwen is a wise, loving companion who invites us along as he finds joy in the community of loss, true freedom in forgiveness of others, and hope in surprising places. Each daily meditation is a stepping-stone along a path of private discovery, offering Nouwen's seasoned yet fresh ideas on kindness, love, suffering, and prayer, the Church as God's people, and the importance of Jesus in one's life-reflecting, as a whole, Nouwen's own 'personal creed.' *Bread for the Journey* brims with daily nourishment and guidance for devoted followers and new friends alike -- food for thought on a yearlong journey of discovery and faith.

**Mary Fields aka Stagecoach Mary** Oct 21 2021 This is the story of Mary Fields, 'Stagecoach Mary', who got her nickname at the turn of the 20th Century. She earned this nickname by working for the United States Postal System delivering the United States Mail through adverse conditions that would have discouraged the most hardened frontiersmen of that period. All by herself, she never missed a day for 8 years, carrying the U. S. Mail and other important documents that helped settle the wild open territory of central west Montana. Mary had no fear of man, nor beast, and this sometimes got her into trouble. She delivered the mail regardless of the heat of the day, cold of night, wind, rain, sleet, snow, blizzards, Indians and Outlaws. Mary was 6 feet tall, and weighed over 200 pounds, and even with 'those' extraordinary extremes, there were two more facts that made 'her' history. Mary was the second woman in 'history' to carry the U. S. Mail, however, even that was a matter of simplicity, for a fact, she was a Negro Woman, and the only 'Negro', for hundreds and hundreds of miles when she first arrived in Montana. This feature story covers Mary's colorful life, from the plantation where she was born a slave in 1832, to the famous Steamboat race between the "Robert E. Lee" and the "Natchez" on the Mississippi River, to her death in Cascade, Montana, 1914. Stagecoach Mary was a cigar smoking, shotgun and pistol toting Negro Woman, who even frequented saloons drinking whiskey with

the men, a privilege only given to 'her', as a woman. However, not even this fact, sealed the credentials given to her, her credentials boasted that, 'she could knock out any man with one punch', who stepped upon her womanhood, a claim she proved true. keywords: Mary Fields, Mail, African American, Black History, Montana, Stagecoach, Outlaws, Cowboys, Postal System, Historical, 1914, 1832

**Texas Boomtowns:** Apr 26 2022 On January 10, 1901, Beaumont awoke to the historic roar of the Spindletop gusher. A flood of frantic fortune seekers heard its call and quickly descended on the town. Over the next three decades, Texas's first oil rush transformed the sparsely populated rural state practically beyond recognition. Brothels, bordellos and slums overran sleepy towns, and thick, black oil spilled over once-green pastures. While dreams came true for a precious few, most settled for high-risk, dangerous jobs in the oilfields and passed

what spare time they had in the vice districts fueled by crude. From the violent shanties of Desdemona and Mexia to Borger and beyond, wildcat speculators, grifters and barons took the land for all it was worth. Author Bartee Haile explores the story of these wild and wooly boomtowns.

*Nancy Wake* Jun 24 2019 The number one bestselling biography of Australia's greatest war heroine - over 84,000 copies sold in its first two formats. In the early 1930s, Nancy Wake was a young woman enjoying a bohemian life in Paris. By the end of the Second World War, she was the Gestapo's most wanted person. As a naïve, young journalist, Nancy Wake witnessed a horrific scene of Nazi violence in a Viennese street. From that moment, she declared that she would do everything in her power to rid Europe of the Nazis. What began as a courier job here and there became a highly successful escape network for Allied soldiers, perfectly camouflaged by Nancy's high-society life in Marseille. Her network was soon so successful - and so notorious - that she was forced to flee France to escape the Gestapo, who had dubbed her 'the white mouse' for her knack of slipping through its traps. But Nancy was a passionate enemy of the Nazis and refused to stay away. Supplying weapons and training members of a powerful underground fighting force, organising Allied parachute drops, cycling four hundred kilometres across a mountain range to find a new transmitting radio - nothing seemed too difficult in her fight against the Nazis. Peter FitzSimons reveals Nancy Wake's compelling story, a tale of an ordinary woman doing extraordinary things.

The Vatican's silence in the face of Nazi atrocities remains one of the great controversies of our time. History has accused wartime pontiff Pius the Twelfth of complicity in the Holocaust and dubbed him "Hitler's Pope." But a key part of the story has remained untold. Pope Pius in fact ran the world's largest church, smallest state, and oldest spy service. Saintly but secretive, he sent birthday cards to Hitler -- while secretly plotting to kill him. He skimmed from church charities to pay covert couriers, and surreptitiously tape-recorded his meetings with top Nazis. Under his leadership the Vatican spy ring actively plotted against the Third Reich. Told with heart-pounding suspense and drawing on secret transcripts and unsealed files by an acclaimed author, Church of Spies throws open the Vatican's doors to reveal some of the most astonishing events in the history of the papacy. **Blaze of Light** Sep 07 2020 For fans of *Unbroken* and *Hacksaw Ridge* comes the powerful true story of a Medal of Honor recipient who faced more than his fair share of battles—and overcame them through perseverance and faith. “What Gary Beikirch did to receive his medal is unforgettable—and the story of what he overcame afterward is as big and moving as they come.”—Gary Sinise After dawn the siege began. It was April 1, 1970, and Army Green Beret medic Gary Beikirch knew the odds were stacked against their survival. Some 10,000 enemy soldiers sought to obliterate the twelve American Special Forces troops and 400 indigenous fighters who stood fast to defend 2,300 women and children inside the village of Dak Seang. For his valor and selflessness during

the ruthless siege, Beikirch would be awarded a Medal of Honor, the nation's highest and most prestigious military decoration. But Gary returned home wounded in body, mind, and soul. To find himself again, Gary retreated to a cave in the mountains of New England, where a redemptive encounter with God allowed Gary to find peace. The Secret Code of Success May 16 2021 Americans spend more than \$11 billion a year on self-help products—everything from books to diet pills to career coaches to seminars. So why—with all this time, money, and energy being spent—are so few people living the life they really want? Why are millions of smart, talented, motivated people still going through life with one foot on the brake? Here's the real Secret: You don't need any more how-to-succeed information to reach your full potential. The problem isn't lack of motivation or lack of information. The real problem is that most people focus on the "how-to" aspects of success taught by traditional self-help programs, without coming to terms with what productivity expert Noah St. John calls your "head trash"—the subconscious, emotional roadblocks that prevent people from acting on their real hopes, dreams, and ambitions. In this groundbreaking book, based on work with thousands of clients around the world, Noah St. John has created a remarkable, step-by-step approach that helps you achieve long-term happiness, success, and wealth. In *The Secret Code of Success*, you will learn how to:  
Eliminate the causes of self-sabotage and fear of success  
Allow yourself to make more money  
Remove stress while dramatically increasing personal productivity  
Improve relationships with coworkers, family, and friends  
Experience enhanced feelings of happiness, connection, and love  
The Secret Code of Success shows that, when it comes to success, the conscious mind is exactly the wrong place to start. It's only when we first conquer the self-sabotage of our subconscious (which accounts for 90 percent of our behavior) that we can truly begin to enjoy a life filled with success. This insight is at the core of *The Secret Code of Success* and leads to Noah's revolutionary 7-step method for eliminating these psychological obstacles. True financial freedom and personal success is possible at

last! The Secret Code of Success shows you how to get your foot off the brake and start living the life you deserve.
