**Pocket Manual for Thermprocess Technology** Dec 01 2019 This pocket manual provides a selective survey of available engineering for the product range of LOI Thermprocess GmbH. Furthermore, important information material based on specialized literature is summarized. The pocket manual primarily focuses on engineering aspects. Information on process technology is limited to topics which concern all or most of all plant equipment (furnaces) in order not to exceed the pocket manual concept. Data is mainly provided numerically in tables in order to simplify direct calculable utilization. Diagrams are only used if they improve illustration or to feature the plant equipment (furnace) based origin of the data. The SI measuring units are used pragmatically. For most tables the conversion factor is directly assigned for the area in which the Anglo- American language prevails. The American notation is used for designation of magnitude of the numerical values.
