Free Radical Damage and its Control Sep 30 2019 This book provides a comprehensive treatise on the chemical and biochemical consequences of damaging free radical reactions, the implications for

the pathogenesis of disease and how this might be controlled endogenously and by radical scavenging drugs. Oxidative stress may be influenced by exogenous agents of oxidative stress, radiation, trauma, drug activation, oxygen excess, or by exogenous oxidative stress which is associated with many pathological states including chronic inflammatory disorders, cardiovascular disease, injury to the central nervous system, and connective tissue damage. This and many other such aspects are presented clearly and in depth. The development of antioxidant drugs depends on the understanding of the mechanisms underlying the generation of excessive free radicals in vivo, the factors controlling their release and the site of their action. This excellent volume presents an up-to-date account of the current state of knowledge in these areas.

The Argument-Free Marriage Feb 02 2020 Is an argument-free marriage possible? Fawn Weaver's answer is yes, absolutely, even when one or both partners are strong willed, independent, and opinionated. (She admits to being all three.) In this groundbreaking book, the best-selling author and award-winning marriage blogger asks readers to invest twenty-eight days in learning how to live together without bickering, blame, angry outbursts, or silent treatments. Fawn begins with the startling premise that, contrary to popular opinion, conflict in marriage is not necessary or inevitable. Then she leads readers on a day-by-day journey toward a more peaceful and supportive relationship. Chapter by brief chapter, she offers fresh perspectives and practical strategies for communicating effectively, building understanding, and defusing anger while at the same time nurturing honesty, vulnerability, and mutual support.
