Property Law Jul 10 2021 Property Law: Practice, Problems, and Perspectives, Second Edition is a truly contemporary 1L Property text. This book is distinguished by its extraordinarily clear and engaging writing, and by the degree to which the authors make the material accessible and enjoyable to students in this foundational course. The authors embrace the task of training lawyers, and as a result, their text regularly asks students to answer questions and solve problems from the perspective of attorneys. The authors delve fully into legal doctrine and address profound policy issues in a direct and understandable manner, drawing upon an outstanding range of case opinions, including those from seminal cases as well those from recent and provocative disputes. The text uses a two-color design and includes a wonderful selection of photographs. Important documents useful to teaching particular cases and material are reproduced throughout. Property Law: Practice, Problems, and Perspectives is more than just a text. It incorporates a truly unique online simulation that features practice-ready materials and professionally-produced, author-scripted videos that illuminate property law issues and disputes. The text regularly references documents used in practice, which are available to students in the simulation. New to the Second Edition: Revised and updated case opinions and textual discussion. For example: The section addressing the Fair Housing Act now includes a discussion of disparate impact litigation after Texas Dept. of Housing and Community Affairs v. Inclusive Communities Project, Inc. The chapter devoted to takings law now includes summaries of *Horne v. Dept. of Agriculture* and *Murr v. Wisconsin*. New and sometimes startling images, such as a subdivision-marketing poster from San Diego in 1915 that offers a frightening example of pervasive discriminatory housing practices that existed prior to the Fair Housing Act. Enjoyable new problems drawn from reported case opinions. For example, the problem of “The Obstinate Ex.” involving a couple who live together in a home owned individually by one of them. When that person breaks off the relationship, the other refuses to move out, claiming an interest in the property. Professors and students will benefit from: A blend of property doctrine and real-world practice, featuring a stimulating, challenging presentation that is also transparent. The book retains the subtlety of the classic texts but comments explicitly on the overlapping elements to ensure that students can see all the connections among legal doctrines. A unique interactive element that teaches students how to read a land survey, helping them understand the issues presented by the text in case opinions and problems. The transactional perspective adopted by the authors in relevant chapters, such as real estate transactions and landlord/tenant law. A unique border along the edge of the text in the chapter on the real property transaction, allowing students to place key concepts and doctrinal material in the context of phases of the transaction. A robust electronic version of the casebook, along with online videos and practice-ready materials. A book that is the ideal text for a four-unit course, but includes ample coverage permitting a professor to construct a five- or six-unit course. The purchase of this Kindle edition does not entitle you to receive access to the online e-book, practice questions from your favorite study aids, and outline tool available through CasebookConnect.

International Trade Law Mar 06 2021 Written by a team of leading scholar/practitioners including a former Appellate Body member, PhD economist and former WTO Secretariat Lawyer, International Trade Law covers all aspects of WTO law. Appropriate for a two- to three-hour international trade course, the third edition covers trade in goods, services, and intellectual property, in 22 succinct chapters of around 30 pages, carefully excerpting leading cases, providing basic introductions, probing questions and real life problems. This book balances positive and normative perspectives, mixing legal texts and panel/Appellate Body decisions with analysis of economic and policy challenges faced by the international trading system. The Third Edition has been updated to include recent political and economic events, issues and policy debates, and supplements new developments in case law with additional questions and a revised Teacher’s Manual. Hallmark features of International Trade Law: • Prepared by three leading WTO scholars – providing a balanced international and methodological perspective • Up-to-date, discriminating case selection presents both classic cases and recent doctrine • Contextualizes international trade issues with insights into key economic factors at work • Key WTO cases are edited and presented to illustrate and teach central concepts and doctrine • Illuminating introductory and explanatory material throughout • Helpful summaries of key teaching points are included in each chapter • Well-crafted questions stimulate class discussion on policy issues • Manageable length for two- and three-credit courses • Adaptable to graduate-level courses in international trade • Comprehensive Teachers Manual with answers to questions as well as teaching suggestions, tips, and supplementary material appropriate for class discussion • Complemented by a thorough and up-to-date documents supplement The Third Edition has been revised to include: • Third author added: Jennifer Hillman, former member of the WTO Appellate Body and the US International Trade Commission, now Professor at Georgetown Law • Major revision of trade remedy chapters (dumping, subsidies, safeguards) with new hands-on practical problems • Completely revised chapter on technical barriers to trade (TBT) taking account of new jurisprudence post-2012 (US – Clove Cigarettes, US - Tuna II, US – COOL, EC – Seal) • New text on post-2008 trade collapse, global value chains • Updated statistics on WTO dispute settlement, free trade agreements, developing countries • Discussion of 2015 US Trade Promotion Authority, mega-regionals including TPP and TTIP, 2014 Trade Facilitation Agreement • Includes summaries of new, major cases such as Canada – Feed-in Tariff, EC – Seal, Peru – Agricultural Products, China – Rare Earths

Sales Jul 30 2020 Emphasizing the institutions and the mechanisms that participants use in the marketplace to conduct transactions, Daniel Keating's "Systems Approach" provides a functional perspective of Articles 2 and 2A of the Uniform Commercial Code in practice. Comprehensive, problem-based coverage encompasses the domestic sale of goods, real estate sales, leases, and international sales. Thoughtful problems for students incorporate insights from this distinguished author's interviews with leading figures in commerce as well as from actual sales forms and documents. News stories further illustrate, in real-world examples, how the system works in practice. Organized by Assignments, this engaging casebook lends flexibility in teaching and course design. New to the 7th Edition: The most significant revision ever. This edition has 15 new primary cases as well as 80 new problems at the end of the 28 assignments. The addition of 40 new formative assessment questions and explanations bring the total assessment questions for the book to more than 100. Updates to the Teacher's Manual, with nearly 350 helpful pages including syllabus suggestions, in-depth answers to each problem, and four complete essay exams and model answers. Three important and recently decided federal appellate cases have been added: VLM Food Trading Int'l, Inc. v. Illinois Trading Co. (7th Cir. 2016) (analyzing battle of the forms case under the CISG); Lincoln Composites, Inc. v. Firetrace USA, LLC (8th Cir. 2016) (defining when an exclusive remedy "fails of its essential purpose" under UCC §2-719, and also discussing how to measure breach of warranty damages for accepted goods under UCC §2-714); and Zaretsky v. William Goldberg Diamond Corp. (clarifying which merchants "deal in goods of the kind" for purposes of UCC §2-403(2)) Professors and students will benefit from: A problem method that forces students to engage in the most productive level of learning during classroom time: applying the law to new facts. In-depth Teacher's Manual enables instructors to be well-equipped to guide students through the problems. An author who is always happy to interact directly and on short notice with casebook adopters by phone or email regarding any questions on any material in the book. Concise text that explains the law clearly so that students can successfully answer the problems for class. Extensive interviews with various players in the sales system giving the material a real-world relevance that students particularly appreciate. More than 100 multiple-choice assessment questions with detailed explanations to help students measure and clarify their understanding of the material as they go along, consistent with the requirements of new ABA Standard 314 on the need for formative assessment tools in the law school curriculum.
