A Flowering Tree and Other Oral Tales from India Jan 02 2020 This book of oral tales from the south Indian region of Kannada represents the culmination of a lifetime of research by A. K. Ramanujan, one of the most revered scholars and writers of his time. The result of over three decades' labor, this long-awaited collection makes available for the first time a wealth of folktales from a region that has not yet been adequately represented in world literature. Ramanujan's skill as a translator, his graceful writing style, and his profound love and understanding of the subject enrich the tales that he collected, translated, and interpreted. With a written literature recorded from about 800 A.D., Kannada is rich in mythology, devotional and secular poetry, and more recently novels and plays. Ramanujan, born in Mysore in 1929, had an intimate knowledge of the language. In the 1950s, when working as a college lecturer, he began collecting these tales from everyone he could--servants, aunts, schoolteachers, children, carpenters, tailors. In 1970 he began translating and interpreting the tales, a project that absorbed him for the next three decades. When Ramanujan died in 1993, the translations were complete and he had written notes for about half of the tales. With its unsentimental sympathies, its laughter, and its delightfully vivid sense of detail, the collection stands as a significant and moving monument to Ramanujan's memory as a

scholar and writer.

Like Grandma Used to Make Jan 14 2021 This is a specially formatted fixed layout ebook that retains the look and feel of the print book. Rebecca Sullivan's beloved great-grandmother, Lilly, was an award-winning cake-baker, famous for her Victoria sponge. When Lilly passed away, Rebecca realised the wealth of knowledge that had gone with her, and made it her mission to collect and preserve as many recipes and stories as she could, from all the grannies, nonnas and yiayias willing to share their wisdom with her.

In this book, she shares more than 100 recipes for good old-fashioned cooking and practical home crafts, all beautifully photographed and with a contemporary spin. Crammed with useful tips and tricks, *Like Grandma Used to Make* is a wonderful gift and a manual for anyone wanting to reconnect with the simplicity and goodness of days gone by.

Komodo Dragons May 18 2021 More than twenty years have passed since Walter Auffenberg's monumental *The Behavioral Ecology of the Komodo Monitor*. In the intervening years the populations of Komodo dragons—native only to a handful of islands in southeast Indonesia—have dwindled, sparking intensive conservation efforts. During the last two decades new information about these formidable predators has emerged, and the most important findings are clearly presented here. A memoir from Walter Auffenberg and his son Kurt is followed by the latest information on Komodo dragon biology, ecology, population distribution, and behavior. The second part of the book is dedicated to step-by-step management and conservation techniques, both for wild and captive dragons. This successful model is a useful template for the conservation of other endangered species as well, for, as Kurt and Walter Auffenberg note, “The species may well indeed survive in the wild for generations to come while countless other organisms are lost.”

A Guide to the Birds of East Africa Jul 08 2020 For lovers of Alexander McCall Smith, Nicholas Drayson introduces the charming Mr Malik and the East African Ornithological Society in *A Guide to the Birds of East Africa*. Reserved, honourable Mr Malik. You wouldn't notice him in a Nairobi street - except, perhaps, to comment on his carefully sculpted comb-over - but beneath his unprepossessing exterior lie a warm heart and a secret passion. Not even his closest friends know it, but Mr Malik is head-over-heels in love with the leader of the local Tuesday-morning bird walk, Rose Mbikwa. Little can he imagine the hurdles that lie before him. Even as he plucks up the courage to ask for Rose's hand, thieves, potential kidnappers and corrupt officials, not to mention one particularly determined love rival, seem destined to thwart Mr Malik's chances. Will an Indian gentleman in the heart of Africa be defeated by the many obstacles that stand between him and his heart's desire? Or will honour and decency prevail? 'A funny, ingenious and touching love story' Joanne Harris, *The Times* 'A delightful comedy... It invites comparison to *The No.1 Ladies' Detective Agency* books, but it's original and, if anything, has more depth' *Daily Mail* 'Sweet, charming and utterly wonderful on the subject of birds' *Metro* Nicholas Drayson was born in England and has lived in Australia since 1982, where he studied zoology and a PhD in 19th century Australian natural history writing. He has worked as a journalist in the

UK, Kenya and Australia, writing for publications such as the Daily Telegraph and Australian Geographic. He is the author of three other novels, *Confessing a Murder*, *Love and the Platypus* and *A Guide to the Beasts of East Africa*.

Electromagnetic Theory and Wave Propagation Oct 23 2021 Although the fundamental concepts of Maxwell remain for the most part unchanged since their inception, electromagnetic theory has continued to evolve, extending, most significantly, to shorter and shorter wavelengths. This has revealed many of nature's mysteries. And led to a myriad of applications that have literally changed our world. The second edition of *Electromagnetic Theory and Wave Propagation* begins by presenting the basic concepts of electromagnetic theory, then explores the field's extended areas primarily discovered after World War II. The author elaborates on the work of pioneer investigators, particularly with respect to the identity of light and electromagnetic waves and then derives the fundamental laws of optics from electromagnetic considerations. He has also added several new topics including meteor astronomy, remote sensing and, most notably, discussions on relativistic

electrodynamics.
