**Beyond Nature's Housekeepers** Dec 13 2020 From pre-Columbian times to the environmental justice movements of the present, women and men frequently responded to the environment and environmental issues in profoundly different ways. Although both environmental history and women's history are flourishing fields, explorations of the synergy produced by the interplay between environment and sex, sexuality, and gender are just beginning. Offering more than biographies of great women in environmental history, *Beyond Nature's Housekeepers* examines the intersections that shaped women's unique environmental concerns and activism and that framed the way the larger culture responded. Women featured include Native Americans, colonists, enslaved field workers, pioneers, homemakers, municipal housekeepers, immigrants, hunters, nature writers, soil conservationists, scientists, migrant laborers, nuclear protestors, and environmental justice activists. As women, they fared, thought, and acted in ways complicated by social, political, and economic norms, as well as issues of sexuality and childbearing. Nancy C. Unger reveals how women have played a unique role, for better and sometimes for worse, in the shaping of the American environment.

*Beyond Nature's Housekeepers* Jan 26 2022 This book highlights the unique and complex role women have played in the shaping of the American environment from pre-Columbian Native Americans to present day environmental justice activists.

*The Housekeeper* Jun 30 2022 A woman hires a housekeeper to care for her aging parents—only to watch as she takes over their lives in this riveting novel from the New York Times bestselling author Samantha M. Bailey calls “an ingenious master of domestic suspense.” In the end, I have only myself to blame. I’m the one who let her in. Jodi Bishop knows success. She’s the breadwinner, a top-notch real estate agent. Her husband, Harrison . . . not so much. Once, he had big dreams. But now, he’s a middling writer who resents his wife’s success. Jodi’s father, Vic, now in his late seventies and retired, is a very controlling man. His wife, Audrey, was herself no shrinking violet. But things changed when Audrey developed Parkinson’s ten years ago

and Vic retired to devote himself to her care. But while still reasonably spry and rakishly handsome, Vic is worn down by his wife’s deteriorating condition. Exhausted from trying to balance her career, her family, and her parents’ needs, Jodi starts interviewing housekeepers to help care for Audrey and Vic. She settles on Elyse Woodley, an energetic and attractive widow in her early sixties, who seems perfect for the job. While Vic is initially resistant, he soon warms to Elyse’s sunny personality and engaging ways. And Jodi is pleased to have an ally, someone she can talk to and occasionally even confide in. Until . . . She shuts Jodi out. And Audrey’s condition worsens—rapidly. Who is this woman suddenly wearing her mother’s jewelry? What is she after? And how far will she go to get it?

**The Housekeepers' Friend; Or, Manual of Cookery** Nov 23 2021 [The Housekeeper's Tale](#) Oct 03 2022 Working as a housekeeper was one of the most prestigious jobs a nineteenth and early twentieth century woman could want - and also one of the toughest. A far cry from the *Downton Abbey* fiction, the real life Mrs. Hughes was up against capricious mistresses, low pay, no job security and grueling physical labor. Until now, her story has never been told. *The Housekeeper's Tale* reveals the personal sacrifices, bitter disputes and driving ambition that shaped these women's careers. Delving into secret diaries, unpublished letters and the neglected service archives

of our stately homes, Tessa Boase tells the extraordinary stories of five working women who ran some of Britain's most prominent households. There is Dorothy Doar, Regency housekeeper for the obscenely wealthy 1st Duke and Duchess of Sutherland at Trentham Hall, Staffordshire. There is Sarah Wells, a deaf and elderly Victorian in charge of Uppark, West Sussex. Ellen Penketh is Edwardian cook-housekeeper at the sociable but impecunious Erddig Hall in the Welsh borders. Hannah Mackenzie runs Wrest Park in Bedfordshire — Britain's first country-house war hospital, bankrolled by playwright J. M. Barrie. And there is Grace Higgins, cook-housekeeper to the Bloomsbury set at Charleston farmhouse in East Sussex for half a century — an era defined by the Second World War. Revelatory, gripping and unexpectedly poignant, *The Housekeeper's Tale* champions the invisible women who ran the English country house.

**The Housekeeper** Nov 04 2022 She's a liar. She's a stalker. She's in your house. When Claire sees Hannah Wilson at an exclusive Manhattan hair salon, it's like a knife slicing through barely healed scars. It may have been ten years since Claire last saw Hannah, but she has thought of her every day, and not in a good way. So Claire does what anyone would do in her position—she stalks her. Hannah is now Mrs. Carter, living the charmed life that should have been Claire's. It's the life Claire used to have, before Hannah came along and took it all away from her. Back then, Claire was a happy teenager with porcelain skin and long, wavy blond hair. Now she's an overweight, lazy drunk with hair the color of compost and skin to match. Which is why when Hannah advertises for a housekeeper, Claire is confident she can apply and not be recognized. And since she has time on her hands, revenge on her mind, and a talent for acting... Because what better way to seek retribution—and redress—than from within the beautiful Mrs. Hannah Carter's own home? Except that it's not just Claire who has secrets. Everyone in that house seems to have something to hide. And now, there's no way out.

The 18th century was a wealth of knowledge, exploration and rapidly growing technology and expanding record-keeping made possible by advances in the printing press. In its determination to preserve the century of revolution, Gale initiated a revolution of its own: digitization of epic proportions to preserve these invaluable works in the largest archive of its kind. Now for the first time these high-quality digital copies of original 18th century manuscripts are available in print, making them highly accessible to libraries, undergraduate students, and independent scholars. The eighteenth-century fascination with Greek and Roman antiquity followed the systematic excavation of the ruins at Pompeii and Herculaneum in southern Italy; and after 1750 a neoclassical style dominated all artistic fields. [Dishonest Housekeepers](#) Aug 01 2022 HIRING HOUSEKEEPERS is a series of nightmares. Ellas quest goes between visiting Memory Lane - a place so well known, it is named for its main street. This place may appear differently from one mind to the next, but town governments there erect street signs to assist travelers. Ghost-like spirits of Mark Twain and William Miller author of the Wee Willie Winkie rhyme, are there with Soul and Spirit, two entities who converse without Ella ever seeing them. Not only do they travel to Memory Lane but into Ellas dreams as bystanders. Soul and Spirit, who dress for all occasions, are concerned. AS NEGATIVITY mounts in Memory Lane, deception and greed are about to deliver dishonest housekeepers to a secret Irish estate. What will they find, discover and learn? CLOCK WATCHERS beware. Clocks stared at too frequently in this estate just might make your face their own. If your own personality mimics a snake, be careful of where you step and sit -- especially where you sleep. Be alert to buzzards and giant crows toting bottles of ketchup and tabasco that stare too intently at you. Come prepared. Dont forget to pack galoshes, an umbrella, earmuffs and running shoes.
