The Āryabhatīya Jan 27 2022 Excerpt from The Āryabhatīya: A Manual of Astronomy, With the Commentary Bhatadīpikā of Paramādīçvara Though the reading followed by the author of the Prakacika is erroneous, both from an astronomical and grammatical point of view, it can not be denied that the error was one of long standing. For we know by Bhaskara's severe criticisms that Lalla, the author of the dhivrddhida-tantra, had fallen into the same error. Now Lalla is more than once called a disciple of Aryabhata, and whether this statement be rigidly correct or not, he certainly was a contemporaneous writer, for he uses the same epoch with the latter, as may be seen p. 58 of this edition.' Jallianwala Bagh Nov 24 2021 Jallianwala Bagh massacre, the butchering of unarmed innocents, is a historic event that haunts the human mind even after the lapse of a century. 1650 rounds fired in a matter of ten minutes, the blocking of exits, preventing help reaching the injured are all acts of unmitigated bestiality. Through a selection of prose and poetry - The direct outcome of this horrific event and an introduction that traces the history of events leading to the massacre - Rakhshanda Jalil, a literary historian and translator from Urdu and Hindi, attempts to open a window into the world of possibilities that literature offers to reflect, interpret and analyse events of momentous historical import. The selection offers ways of 'seeing' history, of exploring how an incident that stirred the conscience of millions, one that had far-reaching implications for the National freedom struggle and British rule, found its way through pen and Paper to reach the nooks and crannies of popular imagination filtered through the mind of the creative writer. The stalwarts and acknowledged doyens of Indian literature featured in this volume include Saadat Hasan Manto, Mulk Raj Anand, Krishna Chander, Abdullah Hussein, Bhisham Sahni, Ghulam Abbas, subadhra Kumari Chauhan, Sarojini Naidu, sohan Singh Misha, Muhammad Iqbal, Josh malihabadi, Nanak Singh, to name a few. The Treasury of Knowledge: Book Eight, Part Three Apr 17 2021 Jamgön Kongtrül's Treasury of Knowledge in ten volumes is a unique encyclopedic masterpiece embodying the entire range of Buddhist teachings as they were presented in Tibet. Tibetan Buddhist teachers expected their students to study Buddhist philosophical texts as well as practice reflection and meditation; present-day students have also realized that awakening has its source in study as well as in reflection and practice. The Elements of Tantric Practice sets forth the essential components of the path of highest yoga tantra, a system of meditation that unites wisdom and compassion in its two phases of practice. The first phase, that of creation, relies primarily on the use of the imagination to effect personal transformation. The phase of completion allows the practitioner to perfect the process of transformation by training in methods that manipulate the energies and constituents of the mind and body. The result of this path is the direct experience of the fundamental nature of mind and phenomena. The Elements of Tantric Practice concerns the meditative processes of the inner system of secret mantra—that of highest yoga tantra—and is based primarily on tantric sources. The author introduces the subject by describing the

path of tantra and its underlying principles. The main body of the book deals with two major elements essential to all highest yoga tantras: the practice of the creation phase and that of the completion phase. For the first phase, Kongtrül describes the visualization sequences in which ordinary perceptions are transformed into the forms of awakening and explains how these practices purify the stages of cyclic existence—life, death, and rebirth. The creation phase prepares the practitioner for the techniques of the completion phase, which entail focusing directly on the channels, winds, and vital essences that form the subtle body. Kongtrül presents the key elements of a variety of tantras, including the Guhyasamaja and Yamari, belonging to the class of father tantras and the Kalachakra Hevajra Chakrasamvara Mahamaya Buddhakapala and Tara mother tantras. All these tantras share a common goal: to make manifest the pristine awareness that is the union of emptiness and bliss.

A Buddhist Ritual Manual on Agriculture Feb 02 2020 This volume is the first in-depth study of a recently discovered Sanskrit dharani spell text from around the 5th century CE surviving in two palm-leaf and three paper manuscript compendia from Nepal. This rare Buddhist scripture focuses on the ritual practice of thaumaturgic weather control for successful agriculture through overpowering mythical Nagas. Traditionally, these serpentine beings are held responsible for the amount of rainfall. The six chapters of the Vajratundasamayakalparaja present the vidyadhara spell-master as a ritualist who uses mandalas, mudras and other techniques to gain mastery over the Nagas and thus control the rains. By subjugating the Nagas, favourable weather and good crops are guaranteed. This links this incantation tradition to economic power and the securing of worldly support for the Buddhist community.

Present Fresh Wakefulness Oct 24 2021 Present Fresh Wakefulness is more than a set of general instructions on how to practice, it is the quintessential advice of an experienced, living master on what he considers to be the absolute necessities today's yogis to arrive at liberation and complete enlightenment. We should know how to make the distinction between self existing wakefulness and dualistic mind. Believing that we are sustaining the natural state of mind while we are caught up with ordinary thinking is not much use. We need to identify the genuine, the authentic -- this is important. We need to identify that which is utterly empty, utterly naked, not confined to anything, totally clear and cognizant yet not fixated on anything. Chökyi Nyima Rinpoche In this series of teachings and conversations, Chökyi Nyima Rinpoche, a revered abbot, Tibetan meditation master and author of Union of Mahamudra & Dzogchen, Bardo Guidebook and Indisputable Truth, conveys the indispensable principles for arriving at the heart of Buddhist practice in his characteristic style, filled with humor, candor and wit.
