Arc of Justice Sep 30 2019 An electrifying story of the sensational murder trial that divided a city and ignited the civil rights struggle In 1925, Detroit was a smoky swirl of jazz and speakeasies, assembly lines and fistfights. The advent of automobiles had brought workers from around the globe to compete for manufacturing jobs, and tensions often flared with the KKK in ascendance and violence rising. Ossian Sweet, a proud Negro doctor-grandson of a slave-had made the long climb from the ghetto to a home of his own in a previously all-white neighborhood. Yet just after his arrival, a mob gathered outside his house; suddenly, shots rang out: Sweet, or one of his defenders, had accidentally killed one of the whites threatening their lives and homes. And so it began-a chain of events that brought America's greatest attorney, Clarence Darrow, into the fray and transformed Sweet into a controversial symbol of equality. Historian Kevin Boyle weaves the police investigation and courtroom drama of Sweet's murder trial into an unforgettable tapestry of narrative history that documents the volatile America of the 1920s and movingly re-creates the Sweet family's journey from slavery through the Great Migration to the middle class. Ossian Sweet's story, so richly and poignantly captured here, is an epic tale of one man trapped by the battles of his era's

changing times. Arc of Justice is the winner of the 2004 National Book Award for Nonfiction.

**Rocks, Gems and Minerals** Nov 12 2020 Formerly titles "Rocks and Minerals" this handbook includes information on collecting and identifying minerals, sections on metallic, nonmetallic, gem and rock-forming minerals, and descriptions of igneous, sedimentary and metamorphic rocks.

**HSC Golden Guide to English** May 31 2022 HSC Golden Guide to English (Advanced) is a textbook designed to teach students how to craft Band 6 level responses in English. The textbook is modelled on the highly successful educational method of example-based learning. Each piece of guidance provided in the textbook is supported by Band 6 examples using prescribed texts from the 2018 Year 12 Advanced English syllabus, so that students may see and learn for themselves how to improve their writing. The strategic philosophy of the textbook allows students to independently master HSC English without having to rely on tutoring or copious amounts of memorisation. The 250+ pages textbooks are divided into three sections: Practical Skills: including guides to essay preparation, essay writing, adapting to exam questions, writing in different formats such as speech, and supporting workbook exercises. Discovery: including syllabus deconstruction and clarification, creative writing, responding to short answer questions, 2018 Discovery texts, adapting to Discovery exam questions, and supporting workbook exercises. Modules A, B, C: including syllabus deconstruction and clarification, 2018 Modules texts, adapting to Modules exam questions, and supporting workbook exercises.

Gilded Mar 05 2020 In Gilded, #1 New York Times bestselling author Marissa Meyer returns to the fairytale world with this haunting tale. Long ago cursed by the god of lies, a poor miller's daughter has developed a talent for spinning stories that are fantastical and spellbinding and entirely untrue. Or so everyone believes. When one of Serilda's outlandish tales draws the attention of the sinister Erlking and his undead hunters, she finds herself swept away into a grim world where ghouls and phantoms prowl the earth and hollow-eyed ravens track her every move. The king orders Serilda to complete the impossible task of spinning straw into gold, or be killed for telling falsehoods. In her desperation, Serilda unwittingly summons a

mysterious boy to her aid. He agrees to help her... for a price. Love isn't meant to be part of the bargain. Soon Serilda realizes that there is more than one secret hidden in the castle walls, including an ancient curse that must be broken if she hopes to end the tyranny of the king and his wild hunt forever.

**Insects** Oct 04 2022 A guide to North American insects which gives popular name, describes life and reproduction cycles and feeding habits, and includes a range guide.

**I Am Golden** Jul 21 2021 An Instant New York Times Bestseller! This joyful and lyrical picture book from New York Times bestselling author Eva Chen and illustrator Sophie Diao is a moving ode to the immigrant experience, as well as a manifesto of self-love for Chinese American children. What do you see when you look in the mirror, Mei? Do you see beauty? We see eyes that point toward the sun, that give us the warmth and joy of a thousand rays when you smile. We see hair as inky black and smooth as a peaceful night sky. We see skin brushed with gold. Praise for I Am Golden: "[A] richly metaphoric celebration of Chinese American identity ... Luminous, gently textured digital art by Diao includes thoughtful, recognizably Chinese cues that add further dimension ... A loving, affecting tribute to how children of immigrants can serve as bridges and torchbearers for their communities." -Publishers Weekly, starred review "From the outset, this gorgeous picture book exudes joy and celebration of identity. Through dazzling illustrations, Diao brings to exuberant life best-selling Chinese American author Chen's message of finding love and power in one's differences. ... This powerful and uplifting story captures [Chinese] American joy and is a definite must-read." -Booklist, starred review

With more than 100 vintage and modern photographs of the breed, this book is a must-have for every Golden owner.

Diamond Geographical and Historical Atlas Sep 10 2020 Atlas book

The Golden Book of Chemistry Experiments Aug 29 2019 BANNED: The Golden Book of Chemistry Experiments was a children's chemistry book written in the 1960s by Robert Brent and illustrated by Harry Lazarus, showing how to set up your own home laboratory and conduct over 200 experiments. The book is controversial, as many of the experiments contained in the book are now considered too dangerous for the general public. There are apparently only 126 copies of this book in libraries worldwide. Despite this, its known as one of the best DIY chemistry books every published. The book was a source of inspiration to David Hahn, nicknamed "the Radioactive Boy Scout" by the media, who tried to collect a sample of every chemical element and also built a model nuclear reactor (nuclear reactions however are not

covered in this book), which led to the involvement of the authorities. On the other hand, it has also been the inspiration for many children who went on to get advanced degrees and productive chemical careers in industry or academia.

The Daily Show (The Book) Jan 03 2020 NEW YORK TIMES BESTSELLER The complete, uncensored history of the award-winning The Daily Show with Jon Stewart, as told by its correspondents, writers, and host. For almost seventeen years, The Daily Show with Jon Stewart brilliantly redefined the borders between television comedy, political satire, and opinionated news coverage. It launched the careers of some of today's most significant comedians, highlighted the hypocrisies of the powerful, and garnered 23 Emmys. Now the show's behind-the-scenes gags, controversies, and camaraderie will be chronicled by the players themselves, from legendary host Jon Stewart to the star cast members and writers—including Samantha Bee, Stephen Colbert, John Oliver, and Steve Carell – plus some of The Daily Show's most prominent guests and adversaries: John and Cindy McCain, Glenn Beck, Tucker Carlson, and many more. This oral history takes the reader behind the curtain for all the show's highlights, from its origins as Comedy Central's underdog late-night program to Trevor Noah's succession, rising from a scrappy jester in the 24-hour political news cycle to become part of the beating heart of politics—a trusted source for not only comedy but also commentary, with a reputation for calling bullshit and an ability to effect real change in the world. Through years of incisive election coverage, passionate debates with President Obama and Hillary Clinton, feuds with Bill O'Reilly and Fox, and provocative takes on Wall Street and racism, The Daily Show has been a cultural touchstone. Now, for the first time, the people behind the show's seminal moments come together to share their memories of the last-minute rewrites, improvisations, pranks, romances, blow-ups, and moments of Zen both on and off the set of one of America's most groundbreaking shows.

**Whales and Other Marine Mammals** Jun 07 2020 A guide to marine mammals discusses the natural history, evolution, distribution, characteristics, and migratory patterns of whales, dolphins, and seals.
