They tried to control her. Now she'll destroy them. Things have changed behind the walls of the Coventry, and new threats lurk in its twisted corridors. When Adeline returns to Arras, she quickly learns that something rotten has taken hold of the world, and now Cormac Patton needs her to help him reestablish order. However, peace comes at a terrible price. As the Guild manipulates the citizens of Arras, Adeline discovers that she's not alone, and she must let go of her past to fight for mankind's future. She will have to choose between an unimaginable alliance and a deadly war that could destroy everyone she loves. **Illuminati Agenda 21** Feb 12 2021 Illuminati Agenda 21 tells the story of the age-old battle between Good and Evil. The first part of the tale identifies the Luciferian perpetrators, tracing their origins back to ancient Sumeria, and tracking their hegemony over mankind through Babylon, Egypt, the Holy Roman Empire, and on to their modern-day Masonic lair known as The City of London. Part two brings the battle into recent times, where the Illuminati's Agenda 21 is quietly unfolding in an insidious creep towards global fascism and their long-awaited goal of a New World Secular Order, which threatens to strip us of our humanity, replace us with machines, and destroy all Creation. **Ww3** Oct 03 2022 WW3 is book by KSR author who has written by his own real time research experience of 10 years to disclose the secret of world which includes entire world information about humanity and formation of universe, earth, human creation and the big details of conflicts and war and future war and the end of the world that's like destination of world and in between world war 1/2/3 is described to avail full information of world situation as threats, and world war 3 which is big prediction of the humanlife in history ever, as I am human being so, there is aim behind the book is to provide awakening details to everyone so that can understand the world and it's reality which hundred percent accurate and Full of truth, this book is English language volume 1.0 first part series eBook and paper book which available world wide, YOU should/must read this book once in a life before you die ..next volume series books, because YOU JUST LIVE ONCE, Thanks *Disabilities: Insights from across Fields and around the World [3 volumes]* Jul 08 2020 In this three-volume set, experts from around the world spotlight the latest research on physical and psychological disabilities, as well as the social, legal, and political issues that come to bear on those people affected. These authors teach us what the disabilities are, how common they have become, what challenges people with disabilities face, what treatments are available, and whether new promising efforts for rehabilitation are on the horizon. We also learn, in these volumes, about social actions that have advanced human rights for people with disabilities in countries around the world. Yet, we learn that in these same countries, discriminatory actions against people with disabilities continue to occur. The impact of different cultural beliefs about disability are explored and these beliefs are juxtaposed against legislative responses. In all three volumes, people with disabilities share their personal narratives about events they have faced in society. They provide rich examples of how culture, social interactions, and legislation can impact on people.

World War 3 Coming Soon! Sep 02 2022 Why is the book of Revelation so difficult to understand? It is full of symbolism, ferocious animals and horses of varying colors, humanity being destroyed, and a woman riding a beast. It's supposed to be a book of revealing. The author spent forty-three years studying the Bible and found "keys of understanding." The keys are found throughout the Bible. They unlock the book of Revelation for us today. Most prophecies are for the end time we are now approaching. We need to understand them. No one wants to read a book concerning all bad news about World War III and the great tribulation. But there is good news following the bad. Can you imagine a world at peace? All armies are disbanded, all weapons melted down into farm implements. You will read the good news about the return of the Prince Of Peace, Jesus Christ's coming as King of Kings.

The Causes of World War Three Dec 25 2021

Operation Red Dawn and the Siege of Europe Oct 23 2021 For the first time since Pearl Harbor, war has arrived on the shores of the United States. As Chinese and Russians attack the frontier of Alaska, American forces are stretched thin. With battles raging in Europe, the Islamic Republic and on their own doorstep, what will President Stein decide to do? Is there any way to salvage their war-torn nation? In the secret of the night, meetings are taking place to arrange a possible Pan Asian Alliance. Which nations will decide to join, and which will reject the offer to try to maintain their own power and status? These negotiations hold the key to the direction of this world war. Power, greed, fear, and money all coalesce to create the perfect storm...what exactly will emerge from the whirlwind? America has their own secrets: new exoskeleton designs, improvements in cyber warfare and, of course, the clandestine Operation Pegasus to establish the first permanent lunar base. Will American ingenuity be enough to change the tide of World War III? About the Authors James Rosone is a veteran of the Army National Guard and the U.S. Air Force, serving overseas as an interrogator in Iraq during the 2007 troop surge. After 10 years in the service, he became a contractor abroad and then lived for several years in Europe working for the Department of Defense. He holds several degrees, include a Master of Science in Major Programme Management from the University of Oxford. Miranda Watson is a mother of two, the wife of a former military man, and a nurse. She has lived overseas and enjoys travel and photography. In addition to her nursing education, Miranda has earned an MBA

Team Yankee Jan 02 2020 This revised and updated edition of the classic Cold War novel Team Yankee reminds us once again might have occurred had the United States and its Allies taken on the Russians in Europe, had cooler geopolitical heads not prevailed. For 45 years after World War II, East and West stood on the brink of war. When Nazi Germany was destroyed, it was evident that Russian tank armies had become supreme in Europe, but only in counterpart to US air power. In 1945 US and UK bombers sent a signal to the advancing Russians at Dresden to beware of what the Allies could do. Likewise when the Russians overran Berlin they sent a signal to the Allies what their land armies could accomplish. Thankfully the tense standoff continued on either side of the Iron Curtain for nearly half a century. During those years, however, the Allies beefed up their ground capability, while the Soviets increased their air capability, even as the new jet and missile age began (thanks much to captured German scientists on both sides). The focal point of conflict remained central Germany—specifically the flat plains of the Fulda Gap—through which the Russians could pour all the way to the Channel if the Allies proved unprepared (or unable) to stop them. Team Yankee posits a conflict that never happened, but which very well might have, and for which both sides prepared for decades. This former New York Times bestseller by Harold Coyle, now revised and expanded, presents a glimpse of what it would have been like for the Allied soldiers who would have had to meet a relentless onslaught of Soviet and Warsaw Pact divisions. It takes the view of a US tank commander, who is vastly outnumbered during the initial onslaught, as the Russians pull out all the cards learned in their successful war against Germany. Meantime Western Europe has to speculate behind its thin screen of armor whether the New World can once again assemble its main forces—or willpower—to rescue the bastions of democracy in time.

Enemy in Sight Apr 16 2021 "Nick Ryan knows his craft, and his topic. His World War 3 stories are tightly-written, fast-moving, with great characters." - LARRY BOND Co-author of Tom Clancy's 'Red Storm Rising' and New York Times bestselling author of 'Red Phoenix' . When the Russian Army invading northern Poland threatens to quickly overwhelm Warsaw, a lone Company of American Abrams tanks and a unit of Irish infantry are sent forward to the small village of Stare Lubiejewo and given an impossible mission; hold back the advancing Russian Army at all costs. Overwhelmed by enemy tanks and APC's, the American tankers and the Irish infantry heroically fight off one determined assault after another until it seems they must surely be over-run. But the American and Irish fighting in the bomb-ravaged village have one last desperate plan up their sleeve. If it works, it might just buy the time the Allies need to reinforce and save the threatened Polish capital... . From the book... The two tanks broke free of the rubble that sheltered them and dashed gamely out into the fields, firing from point-blank range at the enemy troop carriers. A handful of advancing Russian infantry were crushed under their surging steel tracks. Others were scythed down by the Abrams machine guns. Three BMP-3s exploded in quick succession before the first of the enemy APCs slewed round on its spinning steel tracks and began to edge backwards. With the Abrams so close to their own troop carriers, the T-90s on the ridge fell silent, fearful of hitting friendly targets. One of the BMP-3s fired its main gun at an Abrams as it rampaged towards the hedgerow. The round struck the American tank's turret and deflected away harmlessly. Two more APCs fired at the same tank but the Abrams emerged, its sloped steel armor scorched and dented, but intact. The Russian infantry in the fields around the village lost all cohesion; they became just a cluster of desperate men who realized salvation depended on them retreating to the shelter of their troop carriers before the vehicles reversed and fled the field. The soldiers edged backwards, still firing to cover their withdrawal, and glanced nervously over their shoulders, fearful they would be abandoned...

A Novel of the Next World War 2034 Apr 28 2022 From two former military officers and award-winning authors, a chillingly authentic geopolitical thriller that imagines a naval clash between the US and China in the South China Sea in 2034--and the path from there to a nightmarish global conflagration.On March 12, 2034, US Navy Commodore Sarah Hunt is on the bridge of her flagship, the guided missile destroyer USS John Paul Jones, conducting a routine freedom of navigation patrol in the South China Sea when her ship detects an unflagged trawler in clear distress, smoke billowing from its bridge. On that same day, US Marine aviator Major Chris "Wedge" Mitchell is flying an F35E Lightning over the Strait of Hormuz, testing a new stealth technology as he flirts with Iranian airspace. By the end of that day, Wedge will be an Iranian prisoner, and Sarah Hunt's destroyer will lie at the bottom of the sea, sunk by the Chinese Navy. Iran and China have clearly coordinated their moves, which involve the use of powerful new forms of cyber weaponry that render US ships and planes defenseless. In a single day, America's faith in its military's strategic pre-eminence is in tatters. A new, terrifying era is at hand.So begins a disturbingly plausible work of speculative fiction, co-authored by an award-winning novelist and decorated Marine veteran and the former commander of NATO, a legendary admiral who has spent much of his career strategically outmaneuvering America's most tenacious adversaries. Written with a powerful blend of geopolitical sophistication and human empathy, 2034 takes us inside the minds of a global cast of characters--Americans, Chinese, Iranians, Russians, Indians--as a series of arrogant miscalculations on all sides leads the world into an intensifying international storm. In the end, China and the United States will have paid a staggering cost, one that forever alters the global balance of power.Everything in 2034 is an imaginative extrapolation from present-day facts on the ground combined with the authors' years working at the highest and most classified levels of national security. Sometimes it takes a brilliant work of fiction to illuminate the most dire of warnings: 2034 is all too close at hand, and this cautionary tale presents the reader a dark yet possible future that we must do all we can to avoid.

2023 Sep 21 2021 In 2023: World War III, the Peoples Republic of China explodes out of its borders. This book presents China's political, social and economic rationale, military preparations and grand strategy for such a disaster. It discusses the lack of political and military preparations by the West, the consequences for China's neighbors, and how the world in general and the United States in particular will respond. Events in today's world makes it all possible. The only way to prevent World War III is to plan for it now.

World War 3 and 1/3rd Mar 16 2021 The novel is a fast-paced journey in the dystopian near-future world portrayed through the experiences of ordinary young adults. The story weaves together the lives of five people with very different world views that help the reader arrive at the profound philosophical truth in the last chapters of the novel. The novel depicts modern warfare from unexpected angles and raises concerns about economic and political aspects of the globalized society employing subtle satire.

Above World Aug 21 2021 A suspenseful sci-fi escapade plucks two children out of the ocean for a thrilling adventure. Thirteen-year-old Aluna has lived her entire life under the ocean with the Coral Kampii in the City of Shifting Tides. But after centuries spent hidden from the Above World, her colony's survival is at risk. The Kampii's breathing necklaces are failing, but the elders are unwilling to venture above water to seek answers. Only headstrong Aluna and her friend Hoku are stubborn and bold enough to face the terrors of land to search for way to save their people. But can Aluna's fierce determination and fighting skills and Hoku's tech-savvy keep them safe? Set in a world where overcrowding has led humans to adapt - growing tails to live under the ocean or wings to live on mountains - here is a ride through a future where greed and cruelty have gone unchecked, but the loyalty of friends remains true.

Nostradamus May 30 2022 According to the author, who has spent many years translating the original works of the most famous seer of all time, humankind could soon find itself plunging headlong into a holocaust whose destruction could well be of planetary proportions. Manuelian believes that the present situation in the world -- Nationalism vis a vis Globalism; the resurgence of neo-Fascism and Imperialism; the rise of Islamic Fundamentalism; the prevalent economic woes all over the world; ethnic conflicts and regional wars -- are all reminders of a precarious world that is teetering and tottering dangerously and that the coming years until the turn of the century could be the most critical in the overall life of the planet. **Fluent in 3 Months** Apr 04 2020 Benny Lewis, who speaks over ten languages—all self-taught—runs the largest language-learning blog in the world, Fluent In 3 Months. Lewis is a full-time "language hacker," someone who devotes all of his time to finding better, faster, and more efficient ways to learn languages. **Fluent in 3 Months: How Anyone at Any Age Can Learn to Speak Any Language from Anywhere in the World** is a new blueprint for fast language learning. Lewis argues that you don't need a great memory or "the language gene" to learn a language quickly, and debunks a number of long-held beliefs, such as adults not being as good of language learners as children.

The Shattered Sea Series 3-Book Bundle Mar 04 2020 Discover the fantasy novels that have earned raves from George R. R. Martin and Maze Runner author James Dashner, won a Locus Award and an Alex Award, and claimed best-of-the-year honors in Time, The Washington Post, and BuzzFeed. From a crippled slave whose appearance belies his dangerous ambitions, to “a girl who makes Katniss Everdeen look like Dorothy” (Chicago Tribune), an unforgettable cast of characters populate this addictive series, now together in one epic ebook bundle: HALF A KING HALF THE WORLD HALF A WAR Prince Yarvi has vowed to regain a throne he never wanted. But first he must survive cruelty, chains, and the bitter waters of the Shattered Sea. And he must do it all with only one good hand. Born a weakling in the eyes of his father, Yarvi is alone in a world where a strong arm and a cold heart rule. He cannot grip a shield or swing an axe, so he must sharpen his mind to a deadly edge. Gathering a strange fellowship of the outcast and the lost, he finds they can do more to help him become the man

he needs to be than any court of nobles could. But even with loyal friends at his side, Yarvi learns that his path may end as it began—in twists, and traps, and tragedy. Praise for the Shattered Sea series “The Shattered Seas trilogy has worked its way into a very exclusive group of my favorite fantasy novels of all time. The pacing is perfect, the characters deep and true and real, the world rich and authentic, the plot full of twists and turns. Perhaps my favorite part is that no one is purely good or evil: Each and every character has layers upon layers that are a joy to discover. I tore through all three books and truly hope that someday Joe Abercrombie returns to this magnificent, captivating world.”—James Dashner, #1 New York Times bestselling author of The Maze Runner “A fast-paced tale of betrayal and revenge that grabbed me from page 1 and refused to let go.”—George R. R. Martin, on Half a King “Abercrombie’s Shattered Sea is a fantastic yet believable backdrop to Yarvi’s struggle, a vivid imaginary land.”—The Seattle Times, on Half a King “An excellent page-turner . . . full of drama and energy.”—New York Daily News, on Half the World “Compelling . . . [Thorn] makes Katniss Everdeen look like Dorothy.”—Chicago Tribune, on Half the World “A fantasy for all ages, and all times, [that] rends the soul as compulsively as anything Abercrombie has written to date . . . Half a War is a success in every way, putting a stupendous capstone on the entire Shattered Sea Trilogy.”—Tordotcom “Abercrombie piles on shocking betrayals and charges his characters a high price for vengeance in this powerful and fitting final volume.”—Publishers Weekly, on Half a War

Prelude to World War Three Feb 24 2022 By the 2020s, America was no longer a world Superpower. The military had been cut to a barebones level, and while the U.S. was focused internally, the door opened for new powers to emerge on the world stage. In the wake of this power vacuum, China and Russia began to flex their military muscles and expand their dominance in the world. The border of India and Pakistan had long been one of the most precarious ticking time bombs waiting to explode, and when a scheme to agitate the tensions in that region is successful, it opened the door for powerful men to begin consolidating authority and start building an Islamic Caliphate. With Europe also weakened by economic decline, the United States was in serious danger from this new threat. In these hazardous times, America was in need of a leader. Henry Stein, a new kind of leader, built a new political party that is neither Republican nor Democrat to lead the charge to bring the country back from the brink. His unconventional style was just what the U.S. needed in order to deal with the changing world balance of power and a worldwide Great Depression. As conflicts near and far began to plague the planet, would President Stein be able to prevent a third world war?

World in Flames Nov 23 2021 The battle rages on every front.... NATO armored divisions have broken out from near-certain defeat in the Soviet-ringed Dortmund/Bielefeld Pocket on the North German Plain. Russian SPETS commandos, dressed in captured American uniforms, have infiltrated NATO lines to sow confusion among Allied troops. Despite being faster than the American planes, Russian MiG-25s and Sukhoi-15s are unable to maintain air superiority over the western Aleutians, due to the upgraded pulse-Doppler look-up, look-down radar on the American F-16 Falcons and the advanced AN/AWG-9 weapon control system on the F-14 Tomcats. With the war turning against them, the Russians are readying a submarine offensive against the American West Coast. There is no telling when they will escalate to even more dangerous tactics...including nuclear weapons. On every front, the war that once seemed impossible blazes its now inevitable path of worldwide destruction. There is no way to know how it will end.

A Shot in the Arm! Oct 11 2020 Award-winning author Don Brown explores the history of vaccines from smallpox to COVID-19 in this installment of the Big Ideas That Changed the World series A Shot in the Arm! explores the history of vaccinations and the struggle to protect people from infectious diseases, from smallpox—perhaps humankind’s greatest affliction to date—to the COVID-19 pandemic. Highlighting deadly diseases such as measles, polio, rabies, cholera, and influenza, Brown tackles the science behind how our immune systems work, the discovery of bacteria, the anti-vaccination movement, and major achievements from Lady Mary Wortley Montagu, who popularized inoculation in England, and from scientists like Louis Pasteur, Antonie van Leeuwenhoek, and Edward Jenner, the “father of immunology.” Timely and fascinating, A Shot in the Arm! is a reminder of vaccines’ contributions to public health so far, as well as the millions of lives they can still save. Big Ideas That Changed the World is a graphic novel series that celebrates the hard-won succession of ideas that ultimately changed the world. Humor, drama, and art unite to tell the story of events, discoveries, and ingenuity over time that led humans to come up with a big idea and then make it come true.

The System of the World Sep 09 2020 'Tis done. The world is a most confused and unsteady place -- especially London, center of finance, innovation, and conspiracy -- in the year 1714, when Daniel Waterhouse makes his less-than-triumphant return to England's shores. Aging Puritan and Natural Philosopher, confidant of the high and mighty and contemporary of the most brilliant minds of the age, he has braved the merciless sea and an assault by the infamous pirate Blackbeard to help mend the rift between two adversarial geniuses at a princess's behest. But while much has changed outwardly, the duplicity and danger that once drove Daniel to the American Colonies is still coin of the British realm. No sooner has Daniel set foot on his homeland when he is embroiled in a dark conflict that has been raging in the shadows for decades. It is a secret war between the brilliant, enigmatic Master of the Mint and closet alchemist Isaac Newton and his archnemesis, the insidious counterfeiter Jack the Coiner, a.k.a. Jack Shaftoe, King of the Vagabonds. Hostilities are suddenly moving to a new and more volatile level, as Half-Cocked Jack plots a daring assault on the Tower itself, aiming for nothing less than the total corruption of Britain's newborn monetary system. Unbeknownst to all, it is love that set the Coiner on his traitorous course; the desperate need to protect the woman of his heart -- the remarkable Eliza, Duchess of Arcachon-Qwghlm -- from those who would destroy her should he fail. Meanwhile, Daniel Waterhouse and his Clubb of unlikely cronies comb city and country for clues to the identity of the blackguard who is attempting to blow up Natural Philosophers with Infernal Devices -- as political factions jockey for position while awaiting the impending death of the ailing queen; as the "holy grail" of alchemy, the key to life eternal, tantalizes and continues to elude Isaac Newton, yet is closer than he ever imagined; as the greatest technological innovation in history slowly takes shape in Waterhouse's manufactory. Everything that was will be changed forever ... The System of the World is the concluding volume in Neal Stephenson's Baroque Cycle, begun with Quicksilver and continued in The Confusion.

World War 3.0 Aug 09 2020 The Internet Revolution, like all great industrial changes, has made the world's elephantine media companies tremble that their competitors-whether small and nimble mice or fellow elephants-will get to new terrain first and seize its commanding heights. In a climate in which fear and insecurity are considered healthy emotions, corporate violence becomes commonplace. In the blink of an eye-or the time it has taken slogans such as "The Internet changes everything" to go from hyperbole to banality-"creative destruction" has wracked the global economy on an epic scale. No one has been more powerful or felt more fear or reacted more violently than Bill Gates and Microsoft. Afraid that any number of competitors might outflank them-whether Netscape or Sony or AOL Time Warner or Sun or AT&T or Linux-based companies that champion the open-source movement or some college student hacking in his dorm room-Microsoft has waged holy war on all foes, leveraging its imposing strengths. In World War 3.0, Ken Auletta chronicles this fierce conflict from the vantage of its most important theater of operations: the devastating second front opened up against Bill Gates's empire by the United States government. The book's narrative spine is United States v. Microsoft, the government's massive civil suit against Microsoft for allegedly stifling competition and innovation on a broad scale. With his superb writerly gifts and extraordinary access to all the principal parties, Ken Auletta crafts this landmark confrontation into a tight, character- and incident-filled courtroom drama featuring the best legal minds of our time, including David Boies and Judge Richard Posner. And with the wisdom gleaned from covering the converging media, software, and communications industries for The New Yorker for the better part of a decade, Auletta uses this pivotal battle to shape a magisterial reckoning with the larger war and the agendas, personalities, and prospects of its many combatants.

The Seeds of New Earth (the Silent Earth, Book 2) Jul 28 2019 The Earth is in ruins. Cities and nations destroyed. Mankind is extinct. Brant and Arsha are synthetics, machines made in the image of people. They dream of bringing humans back into the world and have the technology to succeed, but the obstacles in their way are mounting. Not only are their own conflicting ideals creating a rift between them, but now the sinister Marauders are closing in as they seek revenge on Brant. Out in the wasteland, strange lights and mysterious objects in the sky herald the arrival of new factions that seek to control the region. Even in the once quiet streets of their own city, malevolent forces are beginning to unfurl that threaten the sanctity of everything they hold dear, jeopardising the future that is within their grasp. The Cambridge History of the Second World War Jan 14 2021 War is often described as an extension of politics by violent means. With contributions from twenty-eight eminent historians, Volume 2 of The Cambridge History of the Second World War examines the relationship between ideology and politics in the war's origins, dynamics and consequences. Part I examines the ideologies of the combatants and shows how the war can be understood as a struggle of words, ideas and values with the rival powers expressing divergent claims to justice and controlling news from the front in order to sustain moral and influence international opinion. Part II looks at politics from the perspective of pre-war and wartime diplomacy as well as examining the way in which neutrals were treated and behaved. The volume concludes by assessing the impact of states, politics and ideology on the fate of individuals as occupied and liberated peoples, collaborators and resisters, and as British and French colonial subjects.

The Fallen World: The Complete Series Aug 28 2019 The complete three book bundle of The Fallen World trilogy.***This is not an additional novel to the series; this is an omnibus of it.***In the future, the world is at war. For the last decade, King Lazuli of the Eastern Empire has systematically taken over the world. No one knows much about him other than a series of impossible facts: he cannot die, he has not aged since the conflict began, and he wants to rule the world. All Serenity Freeman has known is bloodshed. War has taken away her mother, her home, her safety. As the future emissary of the Western United Nations, the last autonomous region of the globe, she is responsible for forging alliances where she can. Surrender is on the horizon. The king can taste it; Serenity feels it deep within her bones. There is no other option. Now the two must come face to face. For Serenity, that means confronting the man who's taken everything from her. For the king, it means meeting the one woman he can't conquer. But when they meet, something happens. Cruelty finds redemption. Only in war, everything comes with a price. Especially love.

You're Going Down Nov 11 2020 Jason only has a handful of days left to complete his Nightmare quest. While running recon on his people's ancestral home, he discovers that failing his Nightmare quests means more than just losing his NPCs; it means the fall of the entire region. To stop the wave of destruction and complete his quest, Jason will have to find a way to take on a horde of goblins numbering in the thousands. If that wasn't challenging enough, Jason's longtime nemeses are making their move to take over the server. Warning: This story contains adult situations, foul language, MMORPG-style violence and other fun things. Read at your own risk.

WW III Jan 26 2022 “Superior to Tom Clancy genre, with characters that came alive...and the military aspect far more realistic.” THE SPECTATOR The strategy, the weapons, the human story. It can happen. THE NEXT WAR In the Pacific—Off Korea’s east coast, 185 miles south of the DMZ six Russian-made TU-22M Backfires come in low, traveling at Mach .9. Each carries two seven-hundred-pound cluster bombs, three one-thousand-pound "iron" or high-explosive bombs, ten one-thousand-pound concrete-piercing bombs, and fifty two-hundred-pound FAEs (fuel air explosives, closely related to Napalm). In Europe—Twenty Soviet Warsaw Pact infantry divisions and four thousand tanks begin to move. They are preceded by hundreds of strike aircraft: SU-24/Fencers for ground support and MiG-29s with air-to-air Alamo and antiradiation, antiradar air-to-surface missiles, with Russian NR-30 mm tank-destroying cannon. All are pointed toward the Fulda Gap. So it begins....WW III
