How to Rebuild and Modify High-Performance Manual Transmissions  
11 2020 How to Rebuild and Modify High-Performance Manual  
Transmissions breaks down the disassembly, inspection,  
modification/upgrade, and rebuilding process into detailed yet easy-to-  
follow steps consistent with our other Workbench series books. The  
latest techniques and insider tips are revealed, so an enthusiast can  
quickly perform a tear-down, identify worn parts, select the best  
components, and successfully assemble a high-performance transmission.  
Transmission expert and designer Paul Cangialosi shares his proven  
rebuilding methods, insight, and 27 years of knowledge in the  
transmission industry. He guides you through the rebuilding process  
for most major high-performance transmissions, including BorgWarner  
T10 and super T10, GM/Muncie, Ford Toploader, and Tremec T5. This new  
edition also contains a complete step-by-step rebuild of the Chrysler  
A833 transmission.

Oct

Republic of Lies Jun 18 2021 A riveting tour through the landscape  
and meaning of modern conspiracy theories, exploring the causes and  
tenacity of this American malady, from Birthers to Pizzagate and  
beyond. American society has always been fertile ground for conspiracy  
theories, but with the election of Donald Trump, previously outlandish  
ideas suddenly attained legitimacy. Trump himself is a conspiracy  
enthusiast: from his claim that global warming is a Chinese hoax to  
the accusations of "fake news," he has fanned the flames of suspicion.  
But it was not by the power of one man alone that these ideas gained  
new power. Republic of Lies looks beyond the caricatures of conspiracy  
theorists to explain their tenacity. Without lending the theories  
validity, Anna Merlan gives a nuanced, sympathetic account of the  
people behind them, across the political spectrum, and the  
circumstances that helped them take hold. The lack of a social safety  
net, inadequate education, bitter culture wars, and years of economic  
insecurity have created large groups of people who feel forgotten by  
their government and even besieged by it. Our contemporary conditions  
are a perfect petri dish for conspiracy movements: a durable,  
permanent, elastic climate of alienation and resentment. All the  
while, an army of politicians and conspiracy-peddlers has fanned the  
flames of suspicion to serve their own ends. Bringing together  
penetrating historical analysis and gripping on-the-ground reporting,  
Republic of Lies transforms our understanding of American paranoia.
