It is well understood by thousands that the great disappointment of the Advent believers arose from the fact that they believed the cleansing of the sanctuary to be the burning of the earth, or some event to transpire at the second advent of the Lord Jesus; and as they could clearly establish the fact that the 2300 days would terminate in the autumn of 1844, they looked with the full assurance of faith and hope for the glorious appearing of the Son of God at that time. Painful and grievous was the disappointment; and while the heart of the trusting was bowed with sorrow, numbers were not wanting who openly denied the hand of God in the Advent movement, and made utter shipwreck of their faith. As the subject of the sanctuary of the Bible involves the most important facts connected with our disappointment, it is worthy of the serious attention of all who wait the consolation of Israel. Those who have any interest in the past Advent movement, cannot be otherwise than deeply interested in the question of our disappointment. To examine this question with candor and fairness, and to set forth the reasons why their expectations were not realized, is the object of this work.

*Beyond Broken: Finding Power in the Pain* Nov 04 2022 Everyone gets broken at some point. But how do we find power in that pain? Brokenness is a reality that every follower of Jesus experiences at some point on their journey, and it is in those moments of trial, pain, fear or failure that we look to the Lord for rescue and deliverance. We're grateful for the times He saves us from the valley, but what of the moments when we experience His salvation by walking with Him through the valley? This book doesn't ignore the reality of brokenness. Rather, it embraces it, while making a journey of faith to help us find power in the pain. So often we cry out to God to "deliver us from evil" because our natural human instinct longs to find the exit. But as numerous heroes of the faith will testify, walking through the valley is sometimes the only way out of it.

Helen Roberts, Author of *Be Victorious and Be Fruitful*, from the foreword: "Like an uninvited houseguest, or even worse a midnight burglar, brokenness can bash its way into our lives. Unannounced. Unwelcome. Unexpected. In *Beyond Broken*, John Andrews takes us on a profound journey where we can discover a new wholeness from our brokenness and find power, even in the pain of our lives." About the author: Dr John Andrews is an author, speaker and teacher with a passion to equip and inspire leaders, as well as empowering followers of Jesus into effective lifestyle and service.

**The Sanctuary and the 2300 Days** Dec 13 2020 In this pivotal Bible study by Adventist pioneer and scholar John Nevins (Andrews), questions about what really happened in 1844 and whether or not the "Investigative Judgment" really exists are answered. "The Great Disappointment" of 1844, when thousands of believers waited expectantly for Jesus to come, is carefully examined in the light of Scripture. With his typical carefulness, J. N. Andrews examines why the expectations of the Millerites and other Second Advent believers were not realized on October 22, 1844. Andrews also explains the dream of Hiram Edson, which

was accepted by many of the believers as the explanation for why Christ didn't return on that day. Hiram Edson's dream, which laid the groundwork for Seventh-day Adventist beliefs about Christ's ministry in the heavenly sanctuary today, is also explained in this book, which was first printed many years ago on the Washington Hand Press.

**COLIN IS CHANGING HIS NAME** Sep 02 2022 Andrews pries loose all the bitterness of what it means to come of age as a gay man in the south and laces sweetness in the wounds whenever possible. These poems are an elegy to what is given up and an ode to what is discovered. In crisp lines and haunting images, Andrews' voice rings true. - Sandy Longhorn

**The World in Conflict** Oct 23 2021 In the last decade, the USA and its allies have invaded Afghanistan; Russia has sent troops into Ukraine; Britain and France helped topple a regime in Libya; the militant group ISIS has emerged in the Middle East; and across West Africa, the quest for precious minerals has both financed and caused conflicts. Other conflicts are less bloody, but still dangerous -- the nervous stand-off between India and Pakistan in Kashmir, for instance, or the continuing stalemate between nuclear-armed, totalitarian North Korea and capitalist, democratic South Korea. Can we be truly confident that these arguments will not lead to armed conflict -- whether by design or by human error? In *The World in Conflict*, John Andrews tackles head-on the reasons why global conflict is an ever-present in our lives. He analyses today's conflicts continent by continent, considering the causes, participants, impact and likely outcomes. He looks at recently-ended wars that remain prone to intermittent fighting. And, crucially, he considers where, why and how new conflicts might erupt. This is a book for our times, an essential guide for anyone and everyone who wants to know more about the world's main danger spots and how and why war and terrorism persist -- in short, how we might better understand our world in conflict.

*Letters of John Andrews, of Boston, 1772-1776 (Classic Reprint)* Feb 24 2022 Excerpt from Letters of John Andrews, of Boston, 1772-1776 Dear Sir, - At the request of my friend, Mr. Barnard, I take the liberty of addressing you in relation to some correspondence discovered by me in a garret room at Schuylkill Arsenal, at Philadelphia, Pennsylvania, during the year 1859. It consisted of a quantity of letters, written by one Joseph Andrews, of Boston, to William Barrell, a merchant of Philadelphia, describing the arrival and occupation of the former city by the British; the daily street-fights that took place between the citizens and the soldiery; the primary meeting and destruction of the tea in the harbor by the inhabitants, dressed as Indians; the battles at Lexington and Breed's Hill; in fact, many circumstances not known to history, and of which the writer was an eyewitness. Being a member of the Historical Society of Pennsylvania, I mentioned the existence of these papers to Joshua Francis Fisher, Esq., our Vice-President, who resides on Walnut Street, between Ninth and Tenth, Philadelphia. At his request, I placed them in his possession, he being desirous of having them annotated by an aged member of the Society, Mr. Samuel Breck (since deceased), who claimed in some way to be connected with the writer, Joseph Andrews. Shortly after this, I was ordered to Washington; consequently am unable to say whether any thing was done in the matter or not. My impression now is that they should more appropriately belong to the Historical Society of Massachusetts; and I have every reason to believe that Mr. Fisher would gladly place them in the possession of its members upon being written to. **For All Those Left Behind** Dec 01 2019 John Andrews is the fourth child of an Anglo-Irish army family with severe religious hang-ups. Until its recent demise he was the marketing manager for the nefarious Creation Records, home of Oasis, Primal Scream and many others. In the eyes of the twentynothing and thirtysomething working world he was as hip as they come. He lived the lifestyle of a young, go-getting record executive for thirteen years without a break. Along the way he went through many rites of passage. But the most profound of these was the death of his father in 1992. His death changed John overnight. At the time he did not think there was anything left unsaid between them but as the years progressed he realised that there was something left undone. John began an subconscious search for these abandoned threads. In that year he began to fish again . . . John Andrews' haunting prose describes his search to come to terms with the loss of his father. Taking the reader on his personal odyssey, with travels to Skye, Dublin and Cuba. For All Those Left Behind is a deeply moving memoir and a paean to the redemptive powers of the tranquillity and joys of fishing.

**Discovering a Larger God** Mar 28 2022 A FATHER WHO COMES RUNNING John Andrews was the fourth generation in his family to follow Christian Science, the teachings of Mary Baker Eddy. Then he had a crisis of faith that led to his leaving Science and embracing Christ. "The God we meet through Jesus, a Father who runs to welcome his wayward children home, won me over from the perfectionism of Mrs. Eddy's impersonal divine Principle," John says. In these collected essays, he lays bare the fallacies of a Scripture-twisting religion that claims we can think our way to health in this life and to heaven in the next. No one can, Andrews argues; we all need a Savior. Lessons from his life in politics, education, media, and ministry come to bear as John debunks today's credulous culture of self-salvation fads and reflects on his journey to the Cross. This is his seventh book.
