Lessons in Chemistry Apr 05 2020 A delight for readers of Where'd You Go, Bernadette, this blockbuster debut set in 1960s California features the singular voice of Elizabeth Zott, a scientist whose career takes a detour when she becomes the star of a beloved TV cooking show. Elizabeth Zott is not your average woman. In fact Elizabeth Zott would be the first to point out that there is no such thing as an average woman. But it's the 1960s and despite the fact that she is a scientist, her peers are very unscientific when it comes to equality. The only good thing to happen to her on the road to professional fulfillment is a run-in with her super-star colleague Calvin Evans (well, she stole his beakers). The only man who ever treated her—and her ideas—as equal, Calvin is already a legend and Nobel nominee. He's also awkward, kind and tenacious. Theirs is true chemistry. But as events are never as predictable as chemical reactions, three years later Elizabeth Zott is an unwed, single mother (did we mention it's the early 60s?) and the star of America's most beloved cooking show *Supper at Six*. Elizabeth's singular approach to cooking ("take one pint of H2O and add a pinch of sodium chloride") and independent example are proving revolutionary. Because Elizabeth isn't just teaching women how to cook, she's teaching them how to change the status quo. Laugh-out-loud funny, shrewdly observant and studded with a dazzling cast of supporting characters (including the best canine character in years), *Lessons in Chemistry* is as original and vibrant as its protagonist.

Students at Risk of School Failure Mar 29 2022 The main objective of this Research Topic is to determine the conditions that place students at risk of school failure, identifying student and context variables. In spite of the fact that there is currently little doubt about how one learns and how to teach, in some countries of the "developed world," there is still there is a high rate of school failure. Although the term "school failure" is a very complex construct, insofar as its causes, consequences, and development, from the field of educational psychology, the construct "student engagement" has recently gained special interest in an attempt to deal with the serious problem of school failure. School engagement builds on the anatomy of the students' involvement in school and describes their feelings, behaviors, and thoughts about their school experiences. So, engagement is an important component of students' school experience, with a close relationship to achievement and school failure. Children who self-set academic goals, attend school regularly and on time, behave well in class, complete their homework, and study at home are likely to interact adequately with the school social and physical environments and perform well in school. In contrast, children who miss school are more likely to display disruptive behaviors in class, miss homework frequently, exhibit violent behaviors on the playground, fail subjects, be retained and, if the behaviors persist, quit school. Moreover, engagement should also be considered as an important school outcome, eliciting more or less supportive reactions from educators. For example, children who display school-engaged behaviors are likely to receive motivational and instructional support from their teachers. The opposite may also be true. But what makes student engage more or less? The relevant literature indicates that personal variables (e.g., sensory, motor, neurodevelopmental, cognitive, motivational, emotional, behavior problems, learning difficulties, addictions), social and/or cultural variables (e.g., negative family conditions, child abuse, cultural deprivation, ethnic conditions, immigration), or school variables (e.g., coexistence at school, bullying, cyberbullying) may concurrently hinder engagement, preventing the student from acquiring the learnings in the same conditions as the rest of the classmates.

*The Dive From Clausen's Pier* Oct 24 2021 How much do we owe the people we love? Is it a sign of strength or weakness to walk away from someone in need? These questions lie at the heart of Ann Packer's intimate and emotionally thrilling new novel, which has won its author comparisons with Jane Hamilton and Sue Miller. At the age of twenty-three Carrie Bell has spent her entire life in Wisconsin, with the same best friend and the same dependable, easygoing, high school sweetheart. Now to her dismay she has begun to find this life suffocating and is considering leaving it-and Mike-behind. But when Mike is paralyzed in a diving accident, leaving seems unforgivable and yet more necessary than ever. *The Dive from Clausen's Pier* animates this dilemma-and Carrie's startling response to it-with the narrative assurance, exacting realism, and moral complexity we expect from the very best fiction.

Half of a Yellow Sun Jul 21 2021 With her award-winning debut novel, *Purple Hibiscus*, Chimamanda Ngozi Adichie was heralded by the *Washington Post* Book World as the "21st century daughter" of Chinua Achebe. Now, in her masterly, haunting new novel, she recreates a seminal moment in modern African history: Biafra's impassioned struggle to establish an independent republic in Nigeria during the 1960s. With the effortless grace of a natural storyteller, Adichie weaves together the lives of five characters caught up in the extraordinary tumult of the decade. Fifteen-year-old Ugwu is houseboy to Odenigbo, a university professor who sends him to school, and in whose living room Ugwu hears voices full of revolutionary zeal. Odenigbo's beautiful mistress, Olanna, a sociology teacher, is running away from her parents' world of wealth and excess; Kainene, her urbane twin, is taking over their father's business; and Kainene's English lover, Richard, forms a bridge between their two worlds. As we follow these intertwined lives through a military coup, the Biafran secession and the subsequent war, Adichie brilliantly evokes the promise, and intimately, the devastating disappointments that marked this time and place. Epic, ambitious and triumphantly realized, *Half of a Yellow Sun* is a more powerful, dramatic and intensely emotional picture of modern Africa than any we have had before.

Death at Intervals Oct 31 2019 In an unnamed country, on the first day of the New Year, people stop dying. There is great celebration and people dance in the streets. They have achieved the great goal of humanity: eternal life. Soon, though, the residents begin to suffer. Undertakers face bankruptcy, the church is forced to reinvent its doctrine, and local 'maphia' smuggle those on the brink of death over the border where they can expire naturally. Death does return eventually, but with a new, courteous approach - delivering violet warning letters to her victims. But what can death do when a letter is unexpectedly returned?

Teaching Young Adult Literature Jul 09 2020 Thanks to the success of franchises such as *The Hunger Games* and *Twilight*, young adult literature has reached a new level of prominence and popularity. Teens and adults alike are drawn to the genre's coming-of-age themes, fast pacing, and vivid emotional portrayals. The essays in this volume suggest ways high school and college instructors can incorporate YA texts into courses in literature, education, library science, and general education. The first group of essays explores key issues in YA literature, situates works in cultural contexts, and addresses questions of text selection and censorship. The second section discusses a range of genres within YA literature, including both realistic and speculative fiction as well as verse narratives, comics, and film. The final section offers ideas for assignments, including interdisciplinary and digital projects, in a variety of courses.

**Teaching World Literature Mar 05 2020** This is an exciting, and unsettling, time to be teaching world literature, writes David Damrosch. Because the range of works taught in world literature courses has expanded enormously, both historically and geographically, the task of selection—and of teacher preparation—has grown more challenging. Teachers of this field must grapple with such issues as coverage, cultural difference, and the role of translation in the classroom. Should one emphasize masterpieces or traditions, concepts or themes? How does one avoid making a work bear the burden of representing an entire tradition? To what extent should anthologies be used? Can a course be global in scope and yet focus on a few works, authors, moments? This collection of thirty-two essays in the MLA series Options for Teaching offers an array of solutions to these challenges, reflecting the wide variety of institutions, courses, and students described by the contributors. An annotated bibliography is provided, with a listing of useful Web sites.

**Swahili Beyond the Boundaries Feb 13 2021** Africa is a marriage of cultures: African and Asian, Islamic and Euro-Christian. Nowhere is this fusion more evident than in the formation of Swahili, Eastern Africa's lingua franca, and its cultures. Swahili Beyond the Boundaries: Literature, Language, and Identity addresses the moving frontiers of Swahili literature under the impetus of new waves of globalization in the twentieth and twenty-first centuries. These momentous changes have generated much theoretical debate on several literary fronts, as Swahili literature continues to undergo transformation in the mill of human creativity. Swahili literature is a hybrid that is being reconfigured by a conjuncture of global and local forces. As the interweaving of elements of the colonizer and the colonized, this hybrid formation provides a representation of cultural difference that is said to constitute a "third space," blurring existing boundaries and calling into question established identitarian categorizations. This cultural dialectic is clearly evident in the Swahili literary experience as it has evolved in the crucible of the politics of African cultural production. However, Swahili Beyond the Boundaries demonstrates that, from the point of view of Swahili literature, while hybridity evokes endless openness on questions of home and identity, it can simultaneously put closure on specific forms of subjectivity. In the process of this contestation, a new synthesis may be emerging that is poised to subject Swahili literature to new kinds of challenges in the politics of identity, compounded by the dynamics and counterdynamics of post-Cold War globalization.

**Perfect Apr 29 2022** A spellbinding novel that will resonate with readers of Mark Haddon, Louise Erdrich, and John Irving, Perfect tells the story of a young boy who is thrown into the murky, difficult realities of the adult world with far-reaching consequences. Byron Hemmings wakes to a morning that looks like any other: his school uniform draped over his wooden desk chair, his sister arguing over the breakfast cereal, the click of his mother's heels as she crosses the kitchen. But when the three of them leave home, driving into a dense summer fog, the morning takes an unmistakable turn. In one terrible moment, something happens, something completely unexpected and at odds with life as Byron understands it. While his mother seems not to have noticed, eleven-year-old Byron understands that from now on nothing can be the same. What happened and who is to blame? Over the days and weeks that follow, Byron's perfect world is shattered. Unable to trust his parents, he confides in his best friend, James, and together they concoct a plan. . . . As she did in her debut, The Unlikely Pilgrimage of Harold Fry, Rachel Joyce has imagined bewitching characters who find their ordinary lives unexpectedly thrown into chaos, who learn that there are times when children must become parents to their parents, and who discover that in confronting the hard truths about their pasts, they will forge unexpected relationships that have profound and surprising impacts. Brimming with love, forgiveness, and redemption, Perfect will cement Rachel Joyce's reputation as one of fiction's brightest talents. Praise for Perfect "Touching, eccentric. . . . Joyce does an inviting job of setting up these mysterious circumstances, and of drawing Byron's magical closeness with Diana."—Janet Maslin, The New York Times "Haunting. . . compelling."—Minneapolis Star Tribune "[Joyce] triumphantly returns with Perfect. . . . As Joyce probes the souls of Diana, Byron and Jim, she reveals—slowly and deliberately, as if peeling back a delicate onion skin—the connection between the two stories, creating a poignant, searching tale."—O: The Oprah Magazine "Perfect touches on class, mental illness, and the ways a psyche is formed or broken. It has the tenor of a horror film, and yet at the end, in some kind of contortionist trick, the narrative unfolds into an unexpected burst of redemption. [Verdict:] Buy it."—New York "Joyce's dark, quiet follow-up to her successful debut, The Unlikely Pilgrimage of Harold Fry, could easily become a book club favorite. . . . Perfect is the kind of book that blossoms under thoughtful examination, its slow tendencies redeemed by moments of loveliness and insight. However sad, Joyce's messages—about the limitations of time and control, the failures of adults and the fears of children, and our responsibility for our own imprisonment and freedom—have a gentle ring of truth to them."—The Washington Post "There is a poignancy to Joyce's narrative that makes for her most memorable writing."—NPR's All Things Considered

**The Most Dangerous Game Jan 27 2022** From one of America's most popular short story writers and an Academy Award nominee: the O. Henry Award-winning tale that inspired the movie The Hunt. A subject of mysterious rumors and superstition, the deserted Caribbean island was shrouded in an air of peril. To Sanger Rainsford, who fell off a yacht and washed up on its shores, the abandoned isle was a welcome paradise. But unknown to the big-game hunter, a predator lurked in its lush jungles—one more dangerous than any he had ever encountered: a human. First published in 1924, this suspenseful tale "has inspired serial killers, films and stirred controversy in schools. A century on, the story continues to thrill" (The Telegraph). "[A] tense, relentless story of man-against-man adventure, in which the hunter Sanger Rainsford learns, at the hands of General Zaroff, what it means to be hunted."—Criterion

**White Noise Nov 24 2021** A brilliant satire of mass culture and the numbing effects of technology, White Noise tells the story of Jack Gladney, a teacher of Hitler studies at a liberal arts college in Middle America. Jack and his fourth wife, Babette, bound by their love, fear of death, and four ultramodern offspring, navigate the rocky passages of family life to the background babble of brand-name consumerism. Then a lethal black chemical cloud, unleashed by an industrial accident, floats over their lives, an "airborne toxic event" that is a more urgent and visible version of the white noise engulfing the Gladneys—the radio transmissions, sirens, microwaves, and TV murmurings that constitute the music of American magic and dread.

**The Satirist May 07 2020** "Enjoy this hilarious collection of satires, reviews, news, poems, and short stories from The Satirist: America's Most Critical Journal."—P. [4] of cover. Letters from an American Farmer Feb 25 2022 First published in England in 1782, Crèvecoeur's Letters from an American Farmer was one of the first works to describe the character of the average American at the close of the Revolutionary War. His famous question, "'What, then, is the American, this new man?'" summarized the European's interest in and questioning of the new country of America at a time when centuries of tradition had just been overturned and post-colonial Americans were attempting to describe themselves in a new way. Through the character of James, the letters celebrate the land of America, its space and fertility, and the character of Americans themselves, their work ethic and spirit of personal determination. The Letters also look at the darker side of American life, particularly the issue of slavery. The discussions of American identity, participation in war (or not), and the perception of immigrants and their ethnicity make this book as relevant to our understanding of ourselves today as it was in 1821.

**All Quiet on the Western Front Apr 17 2021** Considered by many the greatest war novel of all time, All Quiet on the Western Front is Erich Maria Remarque's masterpiece of the German experience during World War I. I am young, I am twenty years old; yet I know nothing of life but despair, death, fear, and fatuous superficiality cast over an abyss of sorrow. . . . This is the testament of Paul Bäumer, who enlists with his classmates in the German army during World War I. They become soldiers with youthful enthusiasm. But the world of duty, culture, and progress they had been taught breaks in pieces under the first bombardment in the trenches. Through years of vivid horror, Paul holds fast to a single vow: to fight against the principle of hate that meaninglessly pits young men of the same generation but different uniforms against one another. . . . If only he can come out of the war alive. "The world has a great writer in Erich Maria Remarque. He is a craftsman of unquestionably first rank, a man who can bend language to his will. Whether he writes of men or of inanimate nature, his touch is sensitive, firm, and sure."—The New York Times Book Review
