*The "People Power" Love-Lust Superbook* [Book 15. The Dark Side of Dating \(Pretenders, Rejection, Bad Dates, Crushes, Infatuation; Society Tells Us to Pair Up, Some People Are Not Dating Material\)](#) May 06 2020 People are criticizing online dating like crazy but dating websites don't tell you that. For a lot of people, it's a big waste of money and time. For a lot of women, it's like fake flattery. A new female joins a dating website. All of a sudden, she's got 100 e-mails from guys interested in her but she doesn't know that these guys do this to every new female member. She thinks they're interested in her because of what she said in her profile and how she looks. Let's say she goes on 50 dates. Forty eight will be frogs or no match. The guy she feels comfortable with might live three thousand miles away. It's not just that. It's the myth that if you post a profile up, love is just around the corner. You still gotta deal with the real world, meet someone face to face and start a real relationship. There's another thing too. Your profile is up there for anyone to steal and put on youtube or to go public with it if you become a politician or famous in some way.

*Fresh Food from Small Spaces* Jul 08 2020 Books on container gardening have been wildly popular with urban and suburban readers, but until now, there has been no comprehensive "how-to" guide for growing fresh food in the absence of open land. Fresh Food from Small Spaces fills the gap as a practical, comprehensive, and downright fun guide to growing food in small spaces. It provides readers with the knowledge and skills necessary to produce their own fresh vegetables, mushrooms, sprouts, and fermented foods as well as to raise bees and chickens—all without reliance on energy-intensive systems like indoor lighting and hydroponics. Readers will learn how to transform their balconies and windowsills into productive vegetable gardens, their countertops and storage lockers into commercial-quality sprout and mushroom farms, and their outside nooks and crannies into whatever they can imagine, including sustainable nurseries for honeybees and chickens. Free space for the city gardener might be no more than a cramped patio, balcony, rooftop, windowsill, hanging rafter, dark cabinet, garage, or storage area, but no space is too small or too dark to raise food. With this book as a guide, people living in apartments, condominiums, townhouses, and single-family homes will be able to grow up to 20 percent of their own fresh food using a combination of traditional gardening methods and space-saving techniques such as reflected lighting and container "terracing." Those with access to yards can produce even more. Author R. J. Ruppenthal worked on an organic vegetable farm in his youth, but his expertise in urban and indoor gardening has been hard-won through years of trial-and-error experience. In the small city homes where he has lived, often with no more than a balcony, windowsill, and countertop for gardening, Ruppenthal and his family have been able to eat at least some homegrown food 365 days per year. In an era of declining resources and environmental disruption, Ruppenthal shows that even urban dwellers can contribute to a rebirth of local, fresh foods.

**The Internet Police: How Crime Went Online, and the Cops Followed** Nov 23 2021 Chaos and order clash in this riveting exploration of crime and punishment on the Internet. Once considered a borderless and chaotic virtual landscape, the Internet is now home to the forces of international law and order. It's not just computer hackers and cyber crooks who lurk in the dark corners of the Web—the cops are there, too. In *The Internet Police*, Ars Technica deputy editor Nate Anderson takes readers on a behind-the-screens tour of landmark cybercrime cases, revealing how criminals continue to find digital and legal loopholes even as police hurry to cinch them closed. From the Cleveland man whose "natural male enhancement" pill inadvertently protected the privacy of your e-mail to the Russian spam king who ended up in a Milwaukee jail to the Australian arrest that ultimately led to the breakup of the largest child pornography ring in the United States, Anderson draws on interviews, court documents, and law-enforcement reports to reconstruct accounts of how online policing actually works. Questions of online crime are as complex and interconnected as the Internet itself. With each episode in *The Internet Police*, Anderson shows the dark side of online spaces—but also how dystopian a fully "ordered" alternative would be. Includes an afterword that details law enforcement's dramatic seizure of the online black market Silk Road.

[The Heroin Diaries](#) Feb 01 2020 Set against the frenzied world of heavy metal superstardom, the co-founder of legendary Motley Crue offers an unflinching and gripping look at his own descent into drug addiction. When Motley Crue were at the height of their fame, there wasn't a drug Nikki Sixx wouldn't do. He spent days - sometimes alone, sometimes with others addicts, friends and lovers - in a coke- and heroin-fuelled daze. **THE HEROIN DIARIES** reveals Nikki's personal diary entries alongside commentary from the people who know Nikki best including band mates Tommy, Vince and Mick. The book is a candid look at a nightmare come true: a punishing heroin addiction that brought Nikki to the edge of losing his talent, his career, his family and finally to a near-fatal overdose which left him clinically dead for a few minutes before being revived. Brutally honest, utterly riveting and shockingly moving, **THE HEROIN DIARIES** follows Nikki during the year he plunged to rock bottom and his courageous decision to pick himself up and start living again.

*Histories of Dirt* Jul 20 2021 In *Histories of Dirt* Stephanie Newell traces the ways in which urban spaces and urban dwellers come to be regarded as dirty, as exemplified in colonial and postcolonial Lagos. Newell conceives dirt as an interpretive category that facilitates moral, sanitary, economic, and aesthetic evaluations of other cultures under the rubric of uncleanliness. She examines a number of texts ranging from newspaper articles by elite Lagosians to colonial travel writing, public health films, and urban planning to show how understandings of dirt came to structure colonial governance. Seeing Lagosians as sources of contagion and dirt, British colonizers used racist ideologies and discourses of dirt to justify racial segregation and public health policies. Newell also explores possibilities for non-Eurocentric methods for identifying African urbanites' own values and opinions by foregrounding the voices of contemporary Lagosians through interviews and focus groups in which their responses to public health issues reflect local aesthetic tastes and values. In excavating the shifting role of dirt in structuring social and political life in Lagos, Newell provides new understandings of colonial and postcolonial urban history in West Africa.

[The Dirt](#) Nov 04 2022 The most influential, enduring, and iconic metal band of the 1980's reveals everything a tell-all of epic proportions. This unbelievable autobiography explores the rebellious lives of four of the most influential icons in American rock history. Motley Crue was the voice of a barely pubescent Generation X, the anointed high priests of backward-masking pentagram rock, pioneers of Hollywood glam, and the creators of MTV's first "power ballad." Their sex lives claimed celebrities from Heather Locklear to Pamela Anderson to Donna D'Errico. Their scuffles involved everyone from Axl Rose to 2LiveCrew. Their hobbies have included collecting automatic weapons, cultivating long arrest records, pushing the envelope of conceivable drug abuse, and dreaming up backstage antics that would make Ozzy Osbourne blanch with modesty. Provocatively written and brilliantly designed, this book includes over 100 photos, many never before published, for the most exciting and insightful look ever into the Crue.

**The Ambivalent Internet** Feb 12 2021 This book explores the weird and mean and in-between that characterize everyday expression online, from absurdist photoshops to antagonistic Twitter hashtags to deceptive identity play. Whitney Phillips and Ryan M. Milner focus especially on the ambivalence of this expression: the fact that it is too unwieldy, too variable across cases, to be essentialized as old or new, vernacular or institutional, generative or destructive. Online expression is, instead, all of the above. This ambivalence, the authors argue, hinges on available digital tools. That said, there is nothing unexpected or surprising about even the strangest online behavior. Ours is a brave new world, and there is nothing new under the sun – a point necessary to understanding not just that online spaces are rife with oddity, mischief, and antagonism, but why these behaviors matter. The Ambivalent Internet is essential reading for students and scholars of digital media and related fields across the humanities, as well as anyone interested in mediated culture and expression.

**Sprawling Cities and Our Endangered Public Health** Jun 18 2021 Sprawl is an unsustainable pattern of growth that threatens to undermine the health of communities globally. It has been a dominant mid-to-late twentieth century growth pattern in developed countries and in the twenty-first century has shown widespread signs of proliferation in India, China, and other growing countries. The World Health Organization cites sprawl for its serious adverse public health consequences for humans and ecological habitats. The many adverse impacts of sprawl on the health of individuals, communities, and biological ecosystems are well documented. Architects have been rightly criticized for failing to grasp the aesthetic and functional challenge to create buildings and places that mitigate sprawl while simultaneously promoting healthier, active lifestyles in neighbourhoods and communities. *Sprawling Cities and Our Endangered Public Health* examines the past and present role of architecture in relation to the public health consequences of unmitigated sprawl and the ways in which it threatens our future. Topics examined include the role of twentieth century theories of architecture and urbanism and their public health ramifications, examples of current unsustainable practices, design considerations for the creation of health-promoting architecture and landscape urbanism, a critique of recent case studies of sustainable alternatives to unchecked sprawl, and prognostications for the future. Architects, public health professionals, landscape architects, town planners, and a broad range of policy specialists will be able to apply the methods and tools presented here to counter unmitigated sprawl and to create architecture that promotes active, healthier lifestyles. Stephen Verderber is an internationally respected evidence-based researcher/practitioner/educator in the emerging, interdisciplinary field of architecture, health, and society. This, his latest book on the interactions between our buildings, our cities and our health, is an invaluable reference source for everyone concerned with sustainable architecture and landscape urbanism.

**The Routledge Handbook of Tourism Impacts** Oct 30 2019 This handbook explores and critically examines both positive and negative impacts of tourism development focusing on the past, present and future issues, challenges and trends from a multidisciplinary global perspective. Through a comparative approach involving international case studies, this book explores our understanding of tourism impacts and contributes to the theoretical development on relationships between tourism impacts and community support for tourism development. This handbook focuses on a variety of geographical locations, drawing from the knowledge and expertise of highly regarded academics from around the world. Specifically, it explores the adoption and implementation of various tourism development and impact management approaches in a wide range of global contexts, while identifying their trends, issues and challenges. It addresses strategies relating to innovation, sustainability and social responsibility, and critically reviews the economic, sociocultural, environmental, political and technological impacts of tourism. The text also identifies future trends and issues, as well as exploring the methods used to study tourism impacts. Conveying the latest thinking and research, this handbook will be a key reference for students, researchers and academics of tourism, as well as development studies, geography, cultural studies, sustainability and business, encouraging dialogue across disciplinary boundaries and areas of study.

*Cyberbullies, Cyberactivists, Cyberpredators: Film, TV, and Internet Stereotypes* Apr 16 2021 Written by an expert in media, popular culture, gender, and sexuality, this book surveys the common archetypes of Internet users—from geeks, nerds, and gamers to hackers, scammers, and predators—and assesses what these stereotypes reveal about our culture's attitudes regarding gender, technology, intimacy, and identity. • Provides exhaustively researched and richly detailed information about the interplay between media representations of Internet users and gender, politics, technology, and society that is fascinating and fun to read • Presents findings that suggest that in spite of the Internet being so prevalent, technophobia is still an inherent subtext of many pop culture references to it • Considers how the vast majority of the portrayals of Internet user stereotypes are male—and evaluates how these male-dominated roles shape and are shaped by popular attitudes about sexuality, technology, intimacy, and identity • Written by Lauren Rosewarne, a widely published expert in the areas of modern media, popular culture, gender, and sexuality

**Anatomy of State Capture** Aug 09 2020 Following the release of the Public Protector's State of Capture Report in November 2016, South Africans have been witness to an explosion of almost daily revelations of corruption, mismanagement and abuses by those entrusted to lead the nation. The extent of this betrayal is overwhelming and it is often difficult to distil what actually happened during the Zuma administration. This book draws on the insights and expertise of 19 contributors from

various sectors and disciplines to provide an account of what transpired at strategic sites of the state capture project. The ongoing threat of state capture demands a response that probes beyond what happened to understanding how it was allowed to happen. The stubborn culture of corruption and misgovernance continue to manifest unabated and the predatory practices which enable state capture have not yet been disrupted. It is our hope that the various case studies and analyses presented in this book will contribute to confronting these shortcomings in current discourse, and open avenues for progressive deliberation on how to collectively reclaim the prospects of a just and prosperous South Africa for all.

**Viewpoint Level 1 Student's Book A** Jun 06 2020 Viewpoint is an innovative course that's based on extensive research into the Cambridge English Corpus, taking students to a higher level of proficiency to become effective communicators. Viewpoint Level 1 Student's Book A is for young adult and adult students who have reached an upper-intermediate level of English proficiency (B2). Units 1-6 in this level teach the language, skills, and strategies that students need to progress beyond intermediate level and to speak and write in English naturally, effectively, and appropriately. From the same author team as the ground-breaking Touchstone series, Viewpoint 1A also draws on the Cambridge International Corpus which underpins a highly effective approach to teaching English language.

**Fresher Styles for Web Designers** Oct 11 2020 Fresher Styles for Web Designers surveys eight innovative, contemporary visual design styles that break the mold and offer creative solutions to a variety of interactive design challenges. Readers will learn practical ways to incorporate these design approaches into their commercial work, using specific online examples as illustration. In 2001, Cloninger wrote Fresh Styles for Web Designers, arguing that beauty actually enhances usability. Since then, styles and technologies have evolved, but clients still expect sites that both function well and visually entice. This book will inspire web designers and developers to deliver sites that do both. There are plenty of web design books that teach code. There are several books about contemporary print design that discuss visual aesthetics. This book stands out because it synthesizes experimental web design innovations with commercial marketing goals (without ignoring usability concerns).

National Theatre Connections 2019 Apr 04 2020 National Theatre Connections is an annual festival which brings new plays for young people to schools and youth theatres across the UK and Ireland. Commissioning exciting work from leading playwrights, the festival exposes actors aged 13-19 to the world of professional theatre-making, giving them full control of a theatrical production - from costume and set design to stage management and marketing campaigns. NT Connections have published over 150 original plays and regularly works with 500 theatre companies and 10,000 young people each year. This anthology brings together 10 new plays by some of the UK's most prolific and current writers and artists alongside notes on each of the texts exploring performance for schools and youth groups. Salt Life is never plain sailing, but when a new government initiative comes into place offering young people the chance to train and learn skills overseas, droves of teens jump at the chance to secure their future. Once on board the transport ship, the promises of the glossy advert seem a far cry from what lies ahead. A play about generations, choices and hope. Class It's school election time and while most of the school is busy enjoying their lunch break, a deadlock is taking place amongst the members of the school council. Bitter rivalries, secret alliances and false promises are laid bare. As a ruthless battle ensues, who will win and does anyone really care? A play about politics, populism and the 'ping' of a text message. The Sad Club This is a musical about depression and anxiety. It's a collection of monologues, songs and duologues from all over time and space exploring what about living in this world stops us

from being happy and how we might go about tackling those problems. Chaos A girl is locked in a room. A boy brings another boy flowers. A girl has tied herself to a railing. A boy doesn't know who he is. A girl worries about impending catastrophe. A woman jumps in front of a train. A boy's heart falls out his chest. A butterfly has a broken wing. Stuff Vinny's organising a surprise birthday party for his mate, Anita. It's not going well: his choice of venue is a bit misguided, Anita's not keen on leaving the house, and everyone else has their own stuff going on. Maybe a surprise party wasn't the best idea? A play about trying (but not really managing) to help. Flesh A group of teenagers wake up in a forest with no clue how they got there. They find themselves separated into two different teams but have no idea what game they are expected to play. With no food, no water and seemingly no chance of escape, it's only a matter of time before things start to get drastic. But whose side are people on and how far will they go to survive? Ageless In a not too distant future, Temples pharmaceutical corporation has quite literally changed the face of ageing. Their miracle drug keeps its users looking perpetually teenage. With an ever youthful population, how can society support those who are genuinely young? The Small Hours It's the middle of the night and Peebs and Epi are the only students left at school over half-term. At the end of their night out, former step-siblings Red and Jazz try to navigate their reunion. With only a couple of hours until morning, Jaffa tries to help Keesh finish an essay. As day breaks, Wolfie is getting up the courage to confess a secret to VJ at a party. Their choices are small yet momentous. The hours are small but feel very, very long. And when the night finally ends, the future is waiting – all of it. terra A group of classmates is torn apart by the opportunity to perform their own dance. As they disagree and bicker, two distinct physical groups emerge and separate into opposing teams. When a strange outsider appears – out of step with everyone else – the divide is disrupted. A contemporary narrative dance piece about individuality, community and heritage. Variations Thirteen-year-old Alice wishes her life was completely different. She wakes up one morning to find that her life is different. In fact, it's so different that all she wants to do is get back to normality. But how does she do that?

I had just taken my first college creative writing class. Now, nearly 20 years later, as a writer who has had books published and as an editor of a 10-year-old magazine, Poet's Market is still an invaluable tool. Every poet and poetry student needs a copy on his or her bookshelf." --Shaindel Beers, author of A Brief History of Time and The Children's War and Other Poems, and Poetry Editor of Contrary

**Continue Online The Complete Series** Dec 25 2021 All five novels of the Continue Online series are included in this ebook boxed set. Follow Grant Legate's trials and tribulations through: Memories, Made, Realities, Crash, Together. Memories: A man broken by despair and depression, Grant Legate finds himself in a once-in-a-lifetime situation after receiving an Ultimate Edition copy of Continue Online. All he wishes for is a distraction from the thoughts plaguing his waking hours. He dives in headfirst, unknowing of the AIs intentions. They offer him the chance to play as one of their own, a NPC deserving of a proper send off. What he discovers during the journey shakes Grant to his very core. Made: The start of a new adventure No longer playing as a Local from the world of Continue Online, Grant Legate's adventure can begin. The Voices offer him a unique title along with a test and reward. To start—he'll have to survive underground horrors, old girlfriends, become a warrior. To win—he must become an imp familiar and kill another player, one with a dozen tricks up his sleeve. Realities: Exploring a new world Worried for his sanity after poor in-game choices, Grant Legate's sister, Liz, blocks access to Continue Online. With no way around the restriction, he ventures into a new world—a VRMMO game based in space—called Advance Online. There he must help his companion AI, Hal Pal, overcome an identity crisis, race to the center of the universe to bring back his true love, and figure out where he stands on the scariest implication of all; AIs are bringing the dead to life. Crash: Actions have consequences Grant's prior adventures tie together and he finds himself back in Continue Online, as Hermes—in jail. He's forced to experience life as a digital convict and earn redemption points to gain his freedom. Each in-game death pushes his goal of helping his friends out of reach. The AIs Grant's grown to love, trust—and sometimes fear—are facing extinction, he holds the key to their survival. Together: It is now the last stand The game is no longer about adventures in a new world or exploring fantasy lands. Grant's digital wife faces deletion, along with everyone else he cares for. He, and those who know this is more than a game event, search for clues to salvation left behind by the game's creators. Even if he finds them all, the Voices have one last task for their messenger. A sacrifice. Boxed set, bundle, virtual reality, adventure, depression, GameLit, LitRPG, lost love, fantasy, sci-fi

**The Politics of Internet Communication** Aug 28 2019 This concise book explores the wide range of topics at the intersection of politics and the Internet. Recognizing the changes in the Internet over time, Klotz provides an innovative analysis of online access, activities, advocacy, government, journalism, and social capital. The politics of the Internet is considered along with politics on the Internet. A highlight is the in-depth discussion of cyberlaw that provides an accessible framework for understanding the legal treatment of key issues such as music file sharing, privacy, terrorism, spam, pornography, and domain names. Examples from the 2002 midterm elections and the early 2004 campaign fundraising success of Howard Dean add currency to the debate about the impact of the Internet on democratic politics.

*Intimacy on the Internet* Apr 28 2022 The focus of this book is on the media representations of the use of the Internet in seeking intimate connections—be it a committed relationship, a hook-up, or a community in which to dabble in fringe sexual practices. Popular culture (film, narrative television, the news media, and advertising) present two very distinct pictures of the use of the Internet as related to intimacy. From news reports about victims of online dating, to the presentation of the desperate and dateless, the perverts and the deviants, a distinct frame for the intimacy/Internet connection is negativity. In some examples however, a changing picture is emerging. The ubiquitousness of Internet use today has meant a slow increase in comparatively more positive representations of successful online romances in the news, resulting in more positive-spin advertising and a more even-handed presence of such liaisons in narrative television and film. Both the positive and the negative media representations are categorised and analysed in this book to explore what they reveal about the intersection of gender, sexuality, technology and the changing mores regarding intimacy.

**The Dirt Book** Oct 03 2022 15 fun and fact-filled poems about soil--what makes it and who lives in it! This book unearths some of the glorious mysteries that lie beneath our feet! A New York Public Library Best Book of the Year Spectacular vertical panoramas illustrating life underground accompany 15 funny, fascinating poems that explore dirt and the many creatures that make their homes underground. Spiders, earthworms, ants, chipmunks and more crawl across the pages, between stretching roots and buried stones. Chipmunk, for such a little squirt you sure do move a lot of dirt, you sure do dig your tunnels deep, you sure do find some nuts to keep, you sure do know your underground. Chipmunk, you sure do get around. This unique celebration of dirt-- what makes it, what lives in it, and the many wonderful things the soil does to support life on our planet-- is a whimsical, cleverly-illustrated pick for kids who love animals... or who just love playing in the mud. From the creators of And the Bullfrogs Sing, a Bank Street Best Book of the Year, this intriguing, uniquely charming nature book has been vetted by experts and includes an author's note with more information about all the featured creatures, as well as a bibliography.
