The Christian Writer's Market Guide 2012 Aug 10 2020 Now updated for 2012 and ideal for writers, publishers, agents, and teachers, "The Christian Writer's Market Guide" includes information on more than 400 book publishers, more than 600 periodicals, and hundreds of agents, contests, conferences, editorial services, niche markets, self-publishing services, and more.

Auto Repair For Dummies Apr 17 2021 Auto Repair For Dummies, 2nd Edition (9781119543619) was previously published as Auto Repair For Dummies, 2nd Edition (9780764599026). While this version features a new Dummies cover and design, the content is the same as the prior release and should not be considered a new or updated product. The top-selling auto repair guide--400,000 copies sold--now extensively reorganized and updated Forty-eight percent of U.S. households perform at least some automobile maintenance on their own, with women now accounting for one third of this \$34 billion automotive do-it-yourself market. For new or would-be do-it-yourself mechanics, this illustrated how-to guide has long been a must and now it's even better. A complete reorganization now puts relevant repair and maintenance information directly after each automotive system overview, making it much easier to find hands-on fix-it instructions. Author Deanna Sclar has updated systems and repair information throughout, eliminating discussions of carburetors and adding coverage of hybrid and alternative fuel vehicles. She's also revised schedules for tune-ups and oil changes, included driving tips that can save on maintenance and repair costs, and added new advice on troubleshooting problems and determining when to call in a professional mechanic. For anyone who wants to save money on car repairs and maintenance, this book is the place to start. Deanna Sclar (Long Beach, CA), an acclaimed auto repair expert and consumer advocate, has contributed to the Los Angeles Times and has been interviewed on the Today show, NBC Nightly News, and other television programs.

Robert's Rules of Order Dec 26 2021 Robert's Rules of Order by Henry M. Robert There appears to be much needed a work on parliamentary law, based, in its general principles, upon the rules and practice of Congress, and adapted, in its details, to the use of ordinary societies. Such a work should give, not only the methods of organizing and conducting the meetings, the duties of the officers and the names of the ordinary motions, but in addition, should state in a systematic manner, in reference to each motion, its object and effect; whether it can be amended or debated; if debatable, the extent to which it opens the main question to debate; the circumstances

under which it can be made, and what other motions can be made while it is pending. This Manual has been prepared with a view to supplying the above information in a condensed and systematic manner, each rule being either complete in itself, or giving references to every section that in any way qualifies it, so that a stranger to the work can refer to any special subject with safety. We are delighted to publish this classic book as part of our extensive Classic Library collection. Many of the books in our collection have been out of print for decades, and therefore have not been accessible to the general public. The aim of our publishing program is to facilitate rapid access to this vast reservoir of literature, and our view is that this is a significant literary work, which deserves to be brought back into print after many decades. The contents of the vast majority of titles in the Classic Library have been scanned from the original works. To ensure a high quality product, each title has been meticulously hand curated by our staff. Our philosophy has been guided by a desire to provide the reader with a book that is as close as possible to ownership of the original work. We hope that you will enjoy this wonderful classic work, and that for you it becomes an enriching experience.

Apollo in Perspective Mar 29 2022 Apollo in Perspective: Spaceflight Then and Now takes a retrospective look at the Apollo space program and the technology that was used to land a man on the Moon. Using simple illustrations and school-level mathematics, Jonathan Allday explains the basic physics and technology of spaceflight and conveys the huge technological strides that were made and the dedication of the people working on the program. Physics topics covered include the laws of motion, rocketry, how to maneuver in orbit, and more. Informal and engaging, the book also discusses the designs of the Apollo Command, Service and Lunar

modules and how these changed as the plans for the manned mission evolved. Guidance systems, computers, and engines all had to be developed for the first time. With Apollo as background, the book proceeds to look at the space shuttle, the technology being developed for its replacement, the International Space Station, and the possibilities for a manned Mars mission. The book concludes with an exploration of the far future, including Mars colonies and journeys to other stars.

Ylesia: Star Wars Legends Nov 24 2021 No Star Wars fan will want to miss this exciting eBook exclusive adventure from Nebula Award-winner Walter Jon Williams, author of the Star Wars The New Jedi Order hardcover novel, *Destiny's Way*. That's Jedi Knight Kyp Durrón's opinion about the planet Ylesia, home base of the so-called Peace Brigade, a group of traitors dedicated to hindering the war efforts of the New Republic and hastening the ultimate victory of the merciless Yuuzhan Vong. Kyp's plan calls for a lightning-fast strike, backed with overwhelming force, to destroy the Brigade's offensive capabilities and teach prospective traitors that betrayal carries a heavy price. But young Jacen Solo, still bearing the scars of his imprisonment by the Yuuzhan Vong, has a better idea: a daring raid into the heart of Ylesia's capital, with the objective of capturing the Brigade's top leaders—including the newly sworn-in President, Thrackan Sal-Solo, cousin to Jacen and his twin, Jaina. But unknown to the Jedi and the New Republic forces, Supreme Overlord Shimrra of the Yuuzhan Vong has dispatched reinforcements to the Ylesia system. Instead of a swift surgical strike, Jaina, Jacen, Kyp, and their comrades are about to find themselves locked in a desperate battle for survival, with the odds stacked against them and time running out. . . . BONUS: This original novella includes an exclusive excerpt from *Star Wars: New Jedi Order: Force Heretic I: Remnant* and an interview with the author.

Righteous Porkchop Oct 24 2021 Asked to head up Robert F. Kennedy Jr.'s environmental organization's "hog campaign," Nicolette Hahn Niman embarked upon a fascinating odyssey through the inner workings of the "factory farm" industry. What she discovered transformed her into an intrepid environmental lawyer determined to lock horns with the big business farming establishment. She even, unexpectedly, found love along the way. A searing account of an industry gone awry and one woman's passionate fight to remedy it, *Righteous Porkchop* chronicles Niman's investigation and her determination to organize a national reform movement to fight the shocking practices of industrial animal operations. She offers necessary alternatives, showing how livestock farming can be done in a better way—and she details both why and how to choose meat, poultry, dairy, eggs, and fish from traditionally farmed sources.
